

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:

Facility and Equipment Maintenance (FEM) System

2. DOD COMPONENT NAME:

United States Army

3. PIA APPROVAL DATE:

08/25/20

US Army Corps of Engineers

SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE)

a. The PII is: (Check one. Note: foreign nationals are included in general public.)

- From members of the general public From Federal employees and/or Federal contractors
- From both members of the general public and Federal employees and/or Federal contractors Not Collected (if checked proceed to Section 4)

b. The PII is in a: (Check one)

- New DoD Information System New Electronic Collection
- Existing DoD Information System Existing Electronic Collection
- Significantly Modified DoD Information System

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The Facilities and Equipment Maintenance (FEM) system is a computerized maintenance management system (CMMS) that provides an on-line interactive tool for managing the operation and maintenance of real property facilities and equipment as well as personal property. The program also provides purchasing, warehouse and parts inventory management, and other tools for integrated operations and maintenance management. FEM is based on the commercial off the shelf (COTS) product IBM Maximo. FEM is a customization of MAXIMO Enterprise Base System Software which is a COTS package. The customization is provided to each service (Army, Navy, Air Force) to fulfill unique requirements. MAXIMO is a total asset maintenance system that encompasses every aspect the life-cycle management of a facility from planning and scheduling tasks to purchasing and inventory management. It offers high-level cost-control features, database level applications for real-time integration with corporate financial systems, and support of industry standard databases

Types of PII collected: Personal, Financial, Employment information

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

FEM uses work orders to identify, authorize, and track maintenance activities to an associated real or personal property asset. The employee's name is used to associate that employee's labor hours with a particular work order.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can object to the collection of PII.
- (2) If "No," state the reason why individuals cannot object to the collection of PII.

The PII data in FEM is not directly collected from the individual.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can give or withhold their consent.
- (2) If "No," state the reason why individuals cannot give or withhold their consent.

The PII data in FEM is not directly collected from the individual. Association of employee name and labor hours to a particular assigned work order (task) is an essential administrative requirement of the management of work.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

- Privacy Act Statement Privacy Advisory Not Applicable

The PII data in FEM is not directly collected from the individual.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component? (Check all that apply)

- Within the DoD Component Specify.
- Other DoD Components Specify.
- Other Federal Agencies Specify.
- State and Local Agencies Specify.
- Contractor (Name of contractor and describe the language in the contract that safeguards PII. Include whether FAR privacy clauses, i.e., 52.224-1, Privacy Act Notification, 52.224-2, Privacy Act, and FAR 39.105 are included in the contract.) Specify.
- Other (e.g., commercial providers, colleges). Specify.

i. Source of the PII collected is: (Check all that apply and list all information systems if applicable)

- Individuals Databases
- Existing DoD Information Systems Commercial Systems
- Other Federal Information Systems

The CEFMS (Corps of Engineers Financial Management System) ID number (is collected by an authorized user with administrative rights and entered into the program.
The UPASS (Userid-Password Administration and Security System) ID number is imported directly into FEM from UPASS.

j. How will the information be collected? (Check all that apply and list all Official Form Numbers if applicable)

- E-mail Official Form (Enter Form Number(s) in the box below)
- Face-to-Face Contact Paper
- Fax Telephone Interview
- Information Sharing - System to System Website/E-Form
- Other (If Other, enter the information in the box below)

PII is populated from CEFMS, UPASS, and direct data entry by authorized users:
Name and UPASS ID come from a UPASS interface.
CEFMS ID is entered by an authorized person.
Hourly rate of pay comes from the CEFMS interface.

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcltd.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

l. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

RN 735-5bb, KE6. Event is after termination of account. Keep until event occurs and then until no longer needed for conducting business, but no longer than 6 years after the event, then delete.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

5 U.S.C. 301, Departmental Regulations
5 U.S.C. 302, Delegation of Authority;
5 U.S.C. Ch. 61, Hours of Work;
5 U.S.C. 1104, Delegation of authority for personnel management;
10 U.S.C. 136, Under Secretary of Defense for Personnel and Readiness;
10 U.S.C. Part II, Personnel.

FEM automates the requirement for a maintenance control system identified in Engineering Regulation 1130-2-500.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

Yes No Pending

- (1) If "Yes," list all applicable OMB Control Numbers, collection titles, and expiration dates.
- (2) If "No," explain why OMB approval is not required in accordance with DoD Manual 8910.01, Volume 2, "DoD Information Collections Manual: Procedures for DoD Public Information Collections."
- (3) If "Pending," provide the date for the 60 and/or 30 day notice and the Federal Register citation.

FEM does not collect any data from any member of the public at any time.
