

Mr. Farhan Khan

Director, Architecture, Data, and Standards

Mr. Farhan Khan was appointed to the Senior Executive Service in February 2020 and assumed duties as the Director, Architecture and Integration at Headquarters, Department of the Army, Office of the Chief Information Officer (CIO). Today, as the Architecture, Data, and Standards Director, Mr. Khan serves as the principal advisor to the CIO and other Senior Army Leaders on information technology, network architecture, computing and storage, and is the subject matter expert to the CIO on all matters regarding data and data analytics. He is responsible for developing the end-to-end network architecture, ensuring interoperability and supportability of Army architectures, and leading the planning, development, and implementation of the Army's Enterprise Decision Analytics Framework.

Prior to his assignment to the Senior Executive Service, Mr. Khan led Information Management Systems business operations and acquisitions at the Federal Deposit Insurance Corporation where he oversaw strategic planning for budgeting, acquisition, implementation, and maintenance of mission systems. Prior to that, he served as the chief technology officer at the Food and Drug Administration where he managed data center operations, network security, technology acquisitions, cloud computing, and customer application support. Previous to that assignment, he was the director of operations and engineering at the Department of Transportation where he directed the information technology (IT) transformation and enterprise architecture program. Mr. Khan also served as the acting chief information officer for the U.S. Department of Justice Criminal Division, where he oversaw the department's IT program and data center management, cross-functional resource management, and IT budgeting and implementation to meet business goals.

Mr. Khan holds a Bachelor of Science in Business Information from Curtin University, Perth, Australia, and a Master of Science in Information Management Systems from George Washington University, Washington, D.C.
