

THE UNITED STATES ARMY CHAPLAIN CORPS

PRESENTS

Spirit & Friends

Dear Army Families,

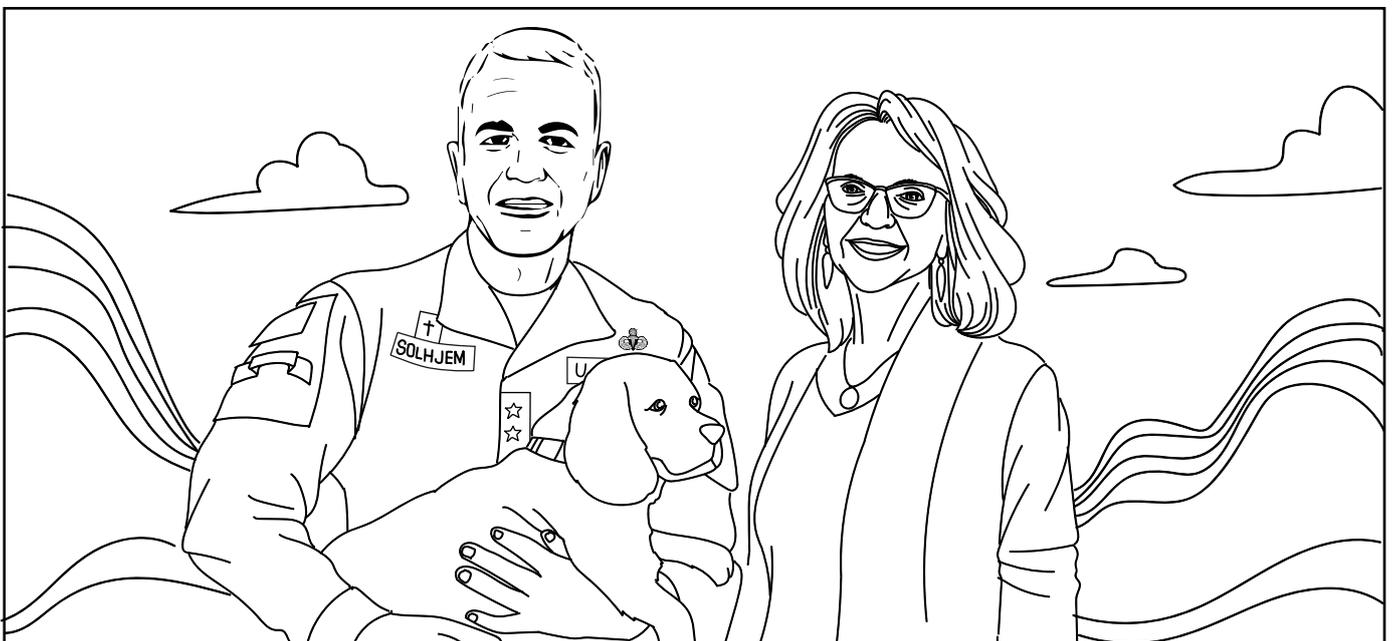

The last couple of years have been filled with unique challenges, but I pray you have had some great opportunities to grow closer as Families. Our Army is full of extraordinary people and our children are some of the most resilient in the world. I am so proud of how you have taken the challenges of school, work, physical distancing, and a myriad of other changes and have met them head on.

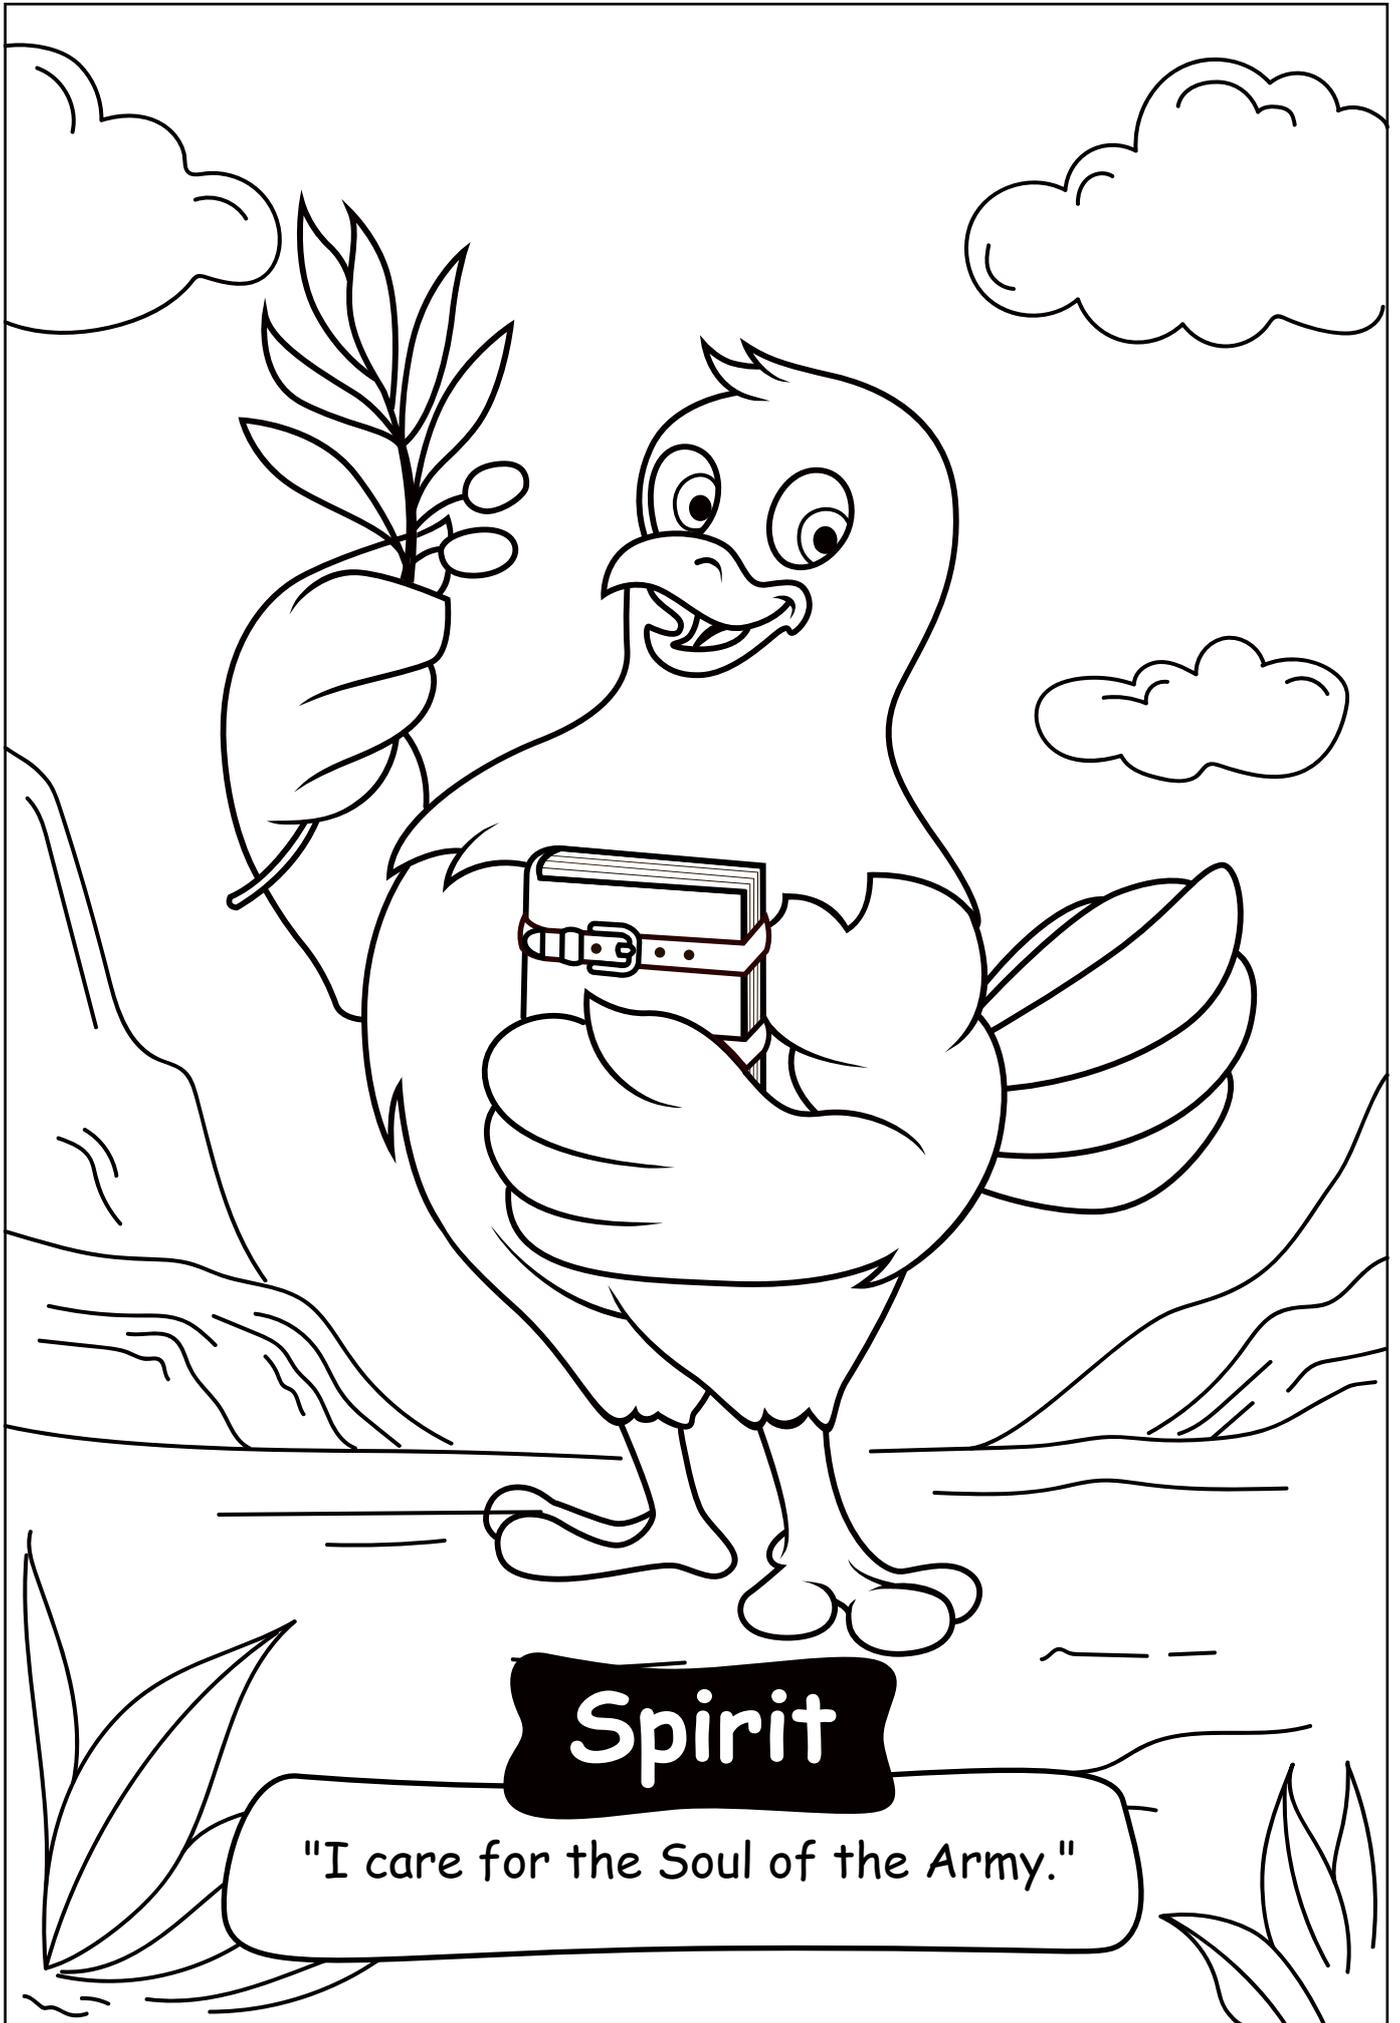

Our "Religious Support Toons" team has created a unique coloring book for you. You can help "Spirit & Friends" come to life. I hope that they will brighten your day and allow you to soar as you imagine many adventures to come. Each of us have so much talent and skill and I want to challenge you to bring your creative best every day!

Remember to reach out to your local Religious Support Offices, to explore all the opportunities they offer for you to connect and grow in your faiths.

For God & Country,

Chaplain (Major General) Tom and Jill Solhjem, and Annie Oakley

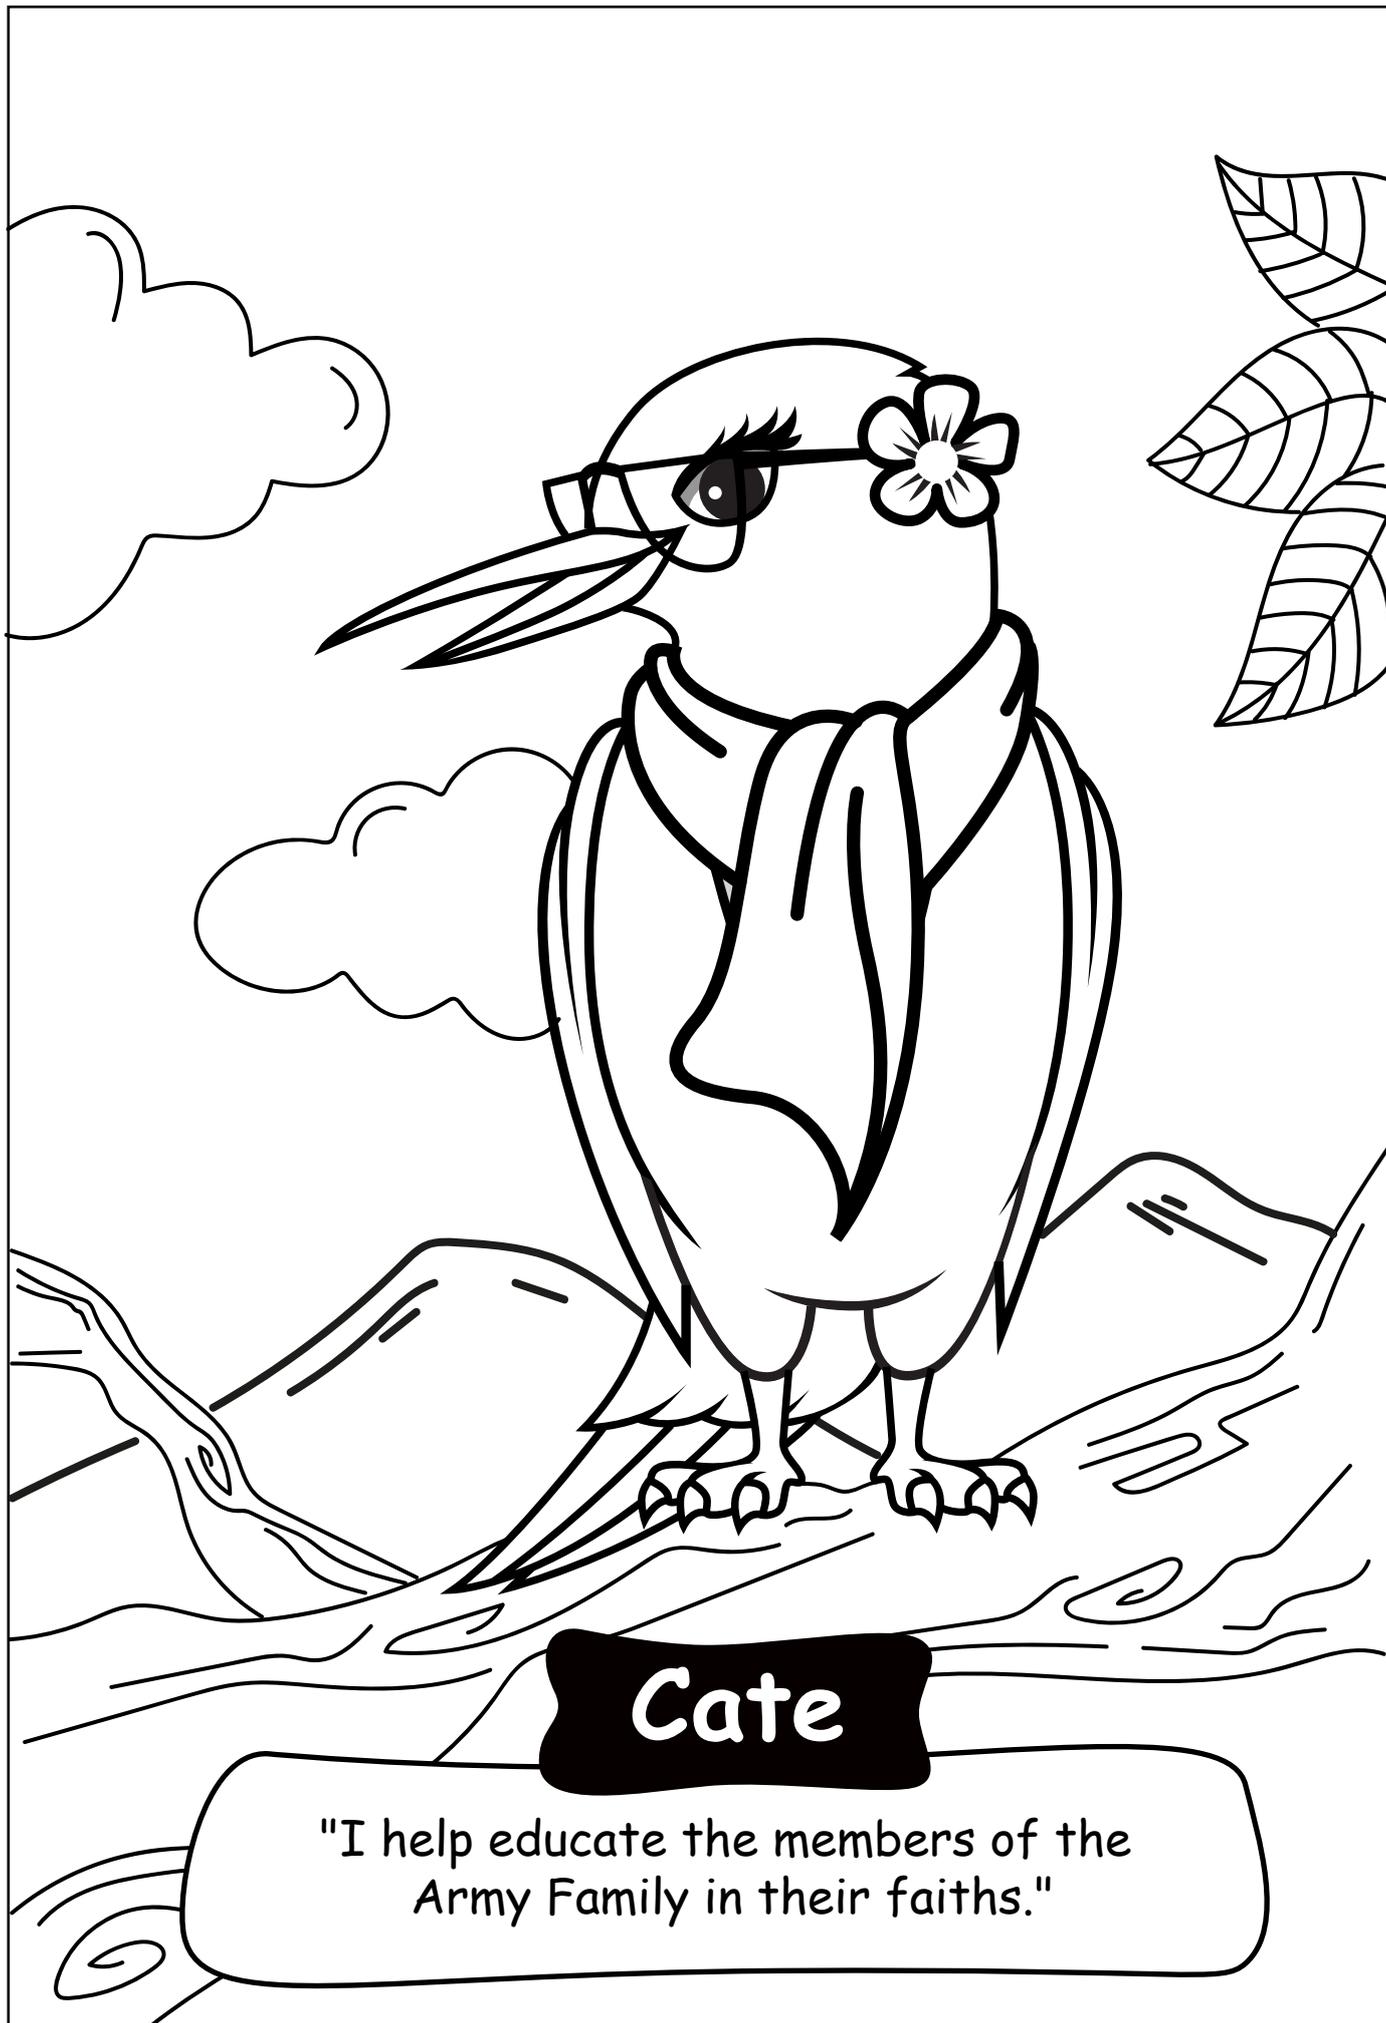

Spirit
