- May 20-31 Army small arms and artillery live fire
- May 27-31 Army artillery live fire exercise  
(Sound and effects may be louder and more concentrated)
- May 30 No live fire will take place during Memorial Day

There are no convoys schedule for May 2022. If the situation changes, an additional advisory will be published. There are no hunting opportunities currently planned for May. If the situation changes, an additional advisory will be published.

UAS training can occur 24 hours a day, seven days a week on PTA in the restricted airspace.

The military appreciates the understanding and continued support of the Hawaii Island community. While sometimes loud, this training is critical to ensure military units and service members are ready to accomplish their mission and return home safely.
