Essential training is subject to change based on safety, weather and other environmental factors. Weather, such as overcast conditions can increase noise and vibrations. Should individuals hear noise, there is no immediate danger.

For the community's awareness, the updated training is as follows:

- May 23-26 8:30 a.m. to 6 a.m. the next morning, ending on May 26
- May 28-30 8 a.m. to 8 p.m.
- June 1, 4*, 8, 10, 13 8 a.m. to 10 p.m. Live fire exercise

* Sound and effects may be louder and more concentrated

The military appreciates the understanding and continued support of the Hawaii Island community. While sometimes loud, this training is critical to ensure military units and service members are ready to accomplish their mission and return home safely.
