Section IV

Chapter 12
Special Qualification Identifiers and Additional Skill Identifiers

12-1. SQI and ASI
   a. SQIs are authorized for use with any MOS and skill level character, unless otherwise specified, to identify special requirements (see AR 611-1).
   b. ASIs normally identify specialized skills, qualifications, and requirements that are closely related to and are in addition to those inherent to the MOS. ASIs are authorized for use only with designated MOS, unless otherwise specified, and will be listed in each specification for such MOS. Area aptitude scores for an ASI will be no more restrictive than the associated MOS, unless an exception to policy is approved by Army, G-1.
   c. ASIs are primarily used to identify skills requiring formal school training or civilian certification. Specialized skills identified by the ASI include operation and maintenance of specific weapon systems and subsystems, computer programming languages, procedures, analytical methods, animal handling techniques, and similar required skills that are too restrictive in scope to make up an MOS.
   d. ASIs may be used to identify specialized qualifications and requirements that do not follow the MOS management system. Specialized qualifications and requirements identified by ASI include security and operational requirements (see AR 611-1).
   e. A complete list of SQIs and ASIs are provided in tables 12-1 and 12-2, respectively.

12-2. SQI code
   a. The required qualification requirements for the SQI will be included in the SQI specifications in table 12-1.
   b. Procedures for award and withdrawal of SQI codes are contained in AR 614-200.
   c. Guidance on use of SQI codes in authorization documents is contained in AR 71-32 and table 12-1.

12-3. ASI Code
   a. The required qualification requirements for the ASI will be included in the ASI specifications in table 12-2.
   b. Procedures for award and withdrawal of ASI codes are contained in AR 614-200.
   c. Guidance on use of ASI codes in authorization documents is contained in AR 71-32 and table 12-2.

12-4. MOS authorized use of ASI Y1--Transition
The ASI Y1 is used for transitory identification of personnel who have completed transition-type training on late models of existing equipment. Training must be of sufficient criticality to require establishment of service school transition training or comparable formal training in an organized training activity. The ASI "Y1" also will identify positions in authorization documents requiring transition trained Soldiers (see table 12-3).
   a. The use of Y1 must be according to Department of the Army authority contained in table 12-3--MOS Authorized Use of ASI Y1--Transition. Request for additional authorized uses will be submitted through appropriate channels to CG, HRC, DCSOPS, ATTN: AHRC-PLC-C. The request will include:
       (1) Duties involved (details of what, how, when and why) and how they differ from duties performed by personnel classified in the MOS.
       (2) Minimum skills and knowledge required (details of technique, abilities, degree of proficiency, or other characteristics) and how they are unique when compared with skills and knowledge possessed by personnel classified in the MOS.
       (3) Additional training involved (details of type, prerequisites, length and subject matter).
       (4) Estimates of when established formal MOS training will be revised to include new subject matter pertinent to proposed ASI Y1 for qualification of all personnel to be newly or originally trained in established MOS.

(5) Estimated date by which all personnel classified in the established MOS will have been trained in the duties, skills and knowledge associated with proposed ASI Y1, either through transition type training or MOS training as in (4) above.

(6) Listing of type TOE/MTOE or TDA in which the positions will be applied.

b. The life span of the ASI Y1 will be for 3 years from the effective date of authorization. Deletion will be automatic unless the personnel proponent training activity can justify retention.

12-5. MOS authorized use of Y2 and Y3 Transition

The ASIs Y2 and Y3 are used for transitory identification of personnel who require transition-type training because of specialty conversion. Training must be of sufficient criticality to require establishment of service school transition or comparable formal training in an organized training activity. Neither ASI Y2 nor Y3 will be used in TOE or TDA (see table 12-4 and 12-5).

a. The use of Y2 or Y3 must be in accordance with Headquarters, Department of the Army authority contained in table 12-4 or 12-5--MOS Authorized Use of ASI Y2 and Y3--Transition. Requests for additional authorized uses will be submitted through appropriate channels to CG, HRC, ATTN: AHRC-PLC-C. The request will include:

(1) Duties involved (details of what, how, when and why) and how they differ from duties performed in current MOS.

(2) Minimum skills and knowledge required (details of techniques, abilities, degree of proficiency, or other characteristics) and how they are unique when compared with skills and knowledge required in current MOS.

(3) Additional training involved (details of type, prerequisites, length and subject matter).

(4) Estimates of when formal MOS training will be established to qualify all Soldiers that hold ASI Y2 or Y3.

(5) Estimated date by which all Soldiers with ASI Y2 or Y3 will have been trained in the duties, skills and knowledge required by the specialty conversion.

b. The life span of the ASI Y2 or Y3 will be for 3 years from effective date of authorization. Deletion will be automatic unless the personnel proponent will justify retention (see tables 12-4 and 12-5 for specific date of termination).

12-6. MOS authorized use of 7D and 7E Assignment Oriented Training

The ASIs 7D and 7E are used for identification of positions and personnel in selected MOS where the training process is incorporated into a lifelong learning strategy that qualifies Soldiers in the skills to perform all critical MOS tasks to standard in a specific unit or organization type. Multiple tracks are used to train all critical skills associated with the MOS. Either ASI 7D or 7E will be used in TOE/MTOE and TDA documents to identify the MOS track training required for the organization (see table 12-6 and 12-7).

a. The use of 7D or 7E must be in accordance with Headquarters, Department of the Army authority contained in table 12-6 or 12-7--MOS Authorized Use of ASI 7D and 7E--Assignment Oriented Training. Requests for additional authorized uses will be submitted through appropriate channels to CG, HRC, ATTN: AHRC-PLC-C. The request will include:

(1) The supporting documents as outlined in AR 611-1 (Military Occupational Classification and Structure Development and Implementation), chapter 2. Special emphasis should be placed on:

(a) Course Administrative Data (CAD). All AOT MOCS proposals must include the approved CAD for the proposed training.

(b) Training Base Impact Statement (TBIS). The TBIS must address the training for the implementation year of the AOT proposal. The TBIS will compare the current training as approved and the proposed training to demonstrate the cost/savings to the Trainees, Transients, Holdees and Students (TTHS) account in man-years and instructors.

(c) AOT ASI Specifications. The AOT ASI specifications must be clearly defined with special attention to the position documentation. The position documentation guidance in the specifications must clearly define where in the authorization/requirements documents the AOT ASI for a training track will be coded. This guidance will be used to mark-up the current MOS and TAADS extracts with the applicable ASI and be used to correctly code future documents.

(d) MOS and TAADS Extracts. By definition, AOT coding of positions will be applicable to all positions within the AOT grade-band of the MOS for all components (Active, NGB and USAR). MOS and TAADS extracts correctly marked with the applicable AOT ASI per the documentation guidance established in the AOT ASI specifications must be provided.

(2) In addition to the MOCS proposal documents required by AR 611-1, AOT proposals must include the following:

(a) Lifelong Learning Plan (LLP). AOT by definition produces a Soldier that is qualified to perform the duties and functions necessary for their first assignment and possible following-on assignments but is not fully MOS qualified per the specifications of the MOS. As such, AOT proposals must include a narrative concept plan that addresses Soldier qualification through out the life-cycle of the MOS to include Initial Military Training (IMT) for the AOT common core and/or ASI track, unit and subsequent training as necessary, resident or Distance Learning (DL) and professional development training such as NCOES. The proposal must also specifically define the when and how within the Soldier's Career Path that they will become fully MOS qualified. The LLP must address Soldiers in all components (AC, NGB, USAR). Any resident courses required for the Lifelong Learning plan must also be addressed in the TBIS.

(b) Training Requirements Forecast (TRF). An AOT proposal must include a narrative listing of any additional resource requirements needed to accomplish the Lifelong Learning Plan such as funding, classrooms, training aids, instructors, barracks, drill sergeants and other equipment over the life cycle of the concept.

(c) Funding Requirements. An AOT proposal must include a statement of funding requirements over the Program Objective Memorandum (POM) and Unfinanced Requirements (UFR) for the execution and budget years. The AOT proposal must also include statements that identify risks and detail alternative Lifelong Learning Plan Courses of Action (COA) if funding is not available.

(d) Projected costs/savings over the life cycle of the Soldier. A statement that details the projected costs/savings over the life cycle of the MOS. An example would be a comparison of training costs and TTHS for the implementation year for IMT, NCOES and other required training as currently approved and the same under AOT.

(e) Strategic Communications Plan (SCP). An AOT proposal must contain a SCP that details the Proponent Public Relations Plan that will inform the Army leadership and rank and file on the MOS converting to AOT and how it will be disseminated so commanders, individual replacement operations and supervisors understand what the Soldier is qualified to do, where they should be utilized and how they are identified.

(3) All AOT proposals will be submitted through TRADOC for supportability review. AOT proposals supported by TRADOC will be forwarded to ODCS G-1, Military Personnel Structure and Plans Division, ATTN: DAPE-PRP for processing and staffing. Proposals not supported by TRADOC will be returned to the submitting Proponent without further action.

b. The life span of the ASI 7D and 7E will be indefinite from the effective date of authorization. The proponent will initiate action to delete the MOS association with ASI 7D and 7E when no longer needed.

Table 12-1
Special Qualification Identifiers
Code: 2   **Title:** Training Developer   **Proponent:** Army University (ArmyU)

a. Description of positions. Identifies positions associated with the analysis, design, development, testing, management, standardization, and evaluation of instructional systems and methods.     (e) Manage school attendance and prepare and maintain an order of merit list, ensuring Soldiers are qualified and prepared to attend functional and profession military education programs.

    (f) Coordinate school quotas.

b. Qualifications.

  (1) Successfully serve a minimum of 365 days in a first sergeant position and be approved for award of SQI M identifier by the Battalion Commander or equivalent level authority.

  (2) Army National Guard (ARNG) Soldiers who successfully serve a minimum of 365 days in a first sergeant position and be approved for award of SQI M by the first General Officer in the Solder's chain of command. Once approved, orders awarding SQI M will be issued by the State MILPO.

c. Requests for Award. Request for permanent award of SQI M will be submitted for processing through Solders unit personnel office. Request should include DA 4187 (Personnel Action) with Other block (SQI M (First Sergeant)) checked, DA Form 4187-1 (Personnel Action Form Addendum) endorsement of LTC or above commander or equivalent and supporting documents (Enlisted Records Brief (ERB), Senior NCO Evaluation Reports (SNCOER), etc), showing successful periods of service as first sergeant.

d. Restrictions.

  (1) For use with positions in any MOS identified as first sergeant in grades E7 or E8.

  (2) For use with personnel in any MOS in grades E7 or E8.

Code: N **Title:** Joint Planner **Proponent:** USACAC
a. *Description of positions.* Identifies positions requiring personnel qualified in the Joint Operation Planning and Execution Program (JOPES), formerly the Joint Operation Planning System (JOPS) and Joint Deployment System (JDS). b. *Qualifications.* Completion of the JOPES Support Personnel Course (JSPC) and the JOPES Action Officers Course (JAOC) conducted by the Joint Deployment Training Center. c. *Restrictions.* None.
Code: O **Title:** No Special Qualifications **Proponent:** None
a. *Description of positions.* Identifies positions that do not require the assignment of Soldiers possessing special qualifications identified herein. b. *Qualifications.* None. c. *Restrictions.* None.
Code: P **Title:** Parachutist

Proponent: USAIS

a. *Description of positions.* Identifies positions that require assignment of qualified parachutists.
b. *Qualifications.*
  (1) Must meet physical requirements for airborne in AR 40-501.
  (2) Must be capable of completing a five mile run within 44-45 minutes prior to start of airborne training.
  (3) Must successfully complete the basic airborne training course.
c. *Restrictions.* Soldier must volunteer for airborne training and assignment as outlined in AR 614-200, chapter 6.

Code: Q **Title:** Equal Opportunity Advisor (EOA) **Proponent:** U.S. Army Adjutant General School

a. *Description of positions.* Identifies positions in TDA and/or Augmentation TDA in any MOS requiring assignment of Soldiers educated at Defense Equal Opportunity Management Institute (DEOMI), and Soldiers in any MOS who are graduates of DEOMI and qualified to occupy such positions. The following grading guidance per AR 600-20 applies:
  (1) Brigades, regiments, groups, COSCOM/TAACOM or comparable units other than Warrior Transition Unit (WTU) Brigades will be staffed with one enlisted EOA position graded SFC. WTU Brigades will be staffed with one enlisted EOA position graded SSG.
  (2) Small installations (less than 10,000 Soldiers), Base Support Battalions (BSB), service school headquarters and medical centers will be staffed one enlisted EOA position graded SFC.
  (3) Large installations (10,000 or greater Soldiers) and Area Support Groups (ASG) will be staffed two enlisted EOA positions, one graded SFC and one graded MSG.
  (4) Divisions will be staffed with three enlisted EOA positions, two in grade SFC and one in grade MSG.
  (5) Corps/ASCC will be staffed with three enlisted EOA positions, one graded SGM, one graded MSG and one graded SFC.
  (6) Major Army Command (MACOM): All MACOMS will be staffed with two enlisted EOA positions, one grade SGM and one graded MSG or SFC. Forces Command (FORSCOM), Training and Doctrine Command (TRADOC) and U.S. Army Europe (USAREUR) are authorized one additional SFC.
  (7) Soldier Support Institute (SSI) will be staffed with two enlisted EOA positions, one graded SGM and one graded MSG.
  (8) HQDA will be staffed with four enlisted EOA positions, one graded SGM and three graded SFC.
  (9) U.S. Army Reserve (USAR).
    (a) Brigade level or equivalent unit will be staffed with one enlisted EOA in grade SFC.
    (b) Reserve Support Center (RSC)/General Officer Command (GOCOM) or division level or equivalent unit will be staffed with one enlisted EOA position graded MSG or above.

(10) Army National Guard (ARNG) staffing requirements are established by the Chief, NGB.

(11) Instructor positions for DEOMI will consist of one SGM and a grading pattern of one SFC, two MSGs for remaining positions (group of three).

(12) MSG and SGM are not authorized for instructors except at DEOMI.

b. *Qualifications.* Must successfully complete DEOMI EOA course.

c. *Restrictions.*

(1) Individuals can have no record of conviction by special or general courts-martial or civilian courts of offenses listed in AR 27-10 (Military Justice), chapter 24 or otherwise required to register as a sexual offender under AR 27-10, chapter 24.

(2) Substitutability EOA duty is MOS immaterial. Any individual awarded SQI Q may serve in any EOA position identified with SQI Q without regard to MOS.

Code: R
Title: Chemical, Biological, Radiological and Nuclear (CBRN) Responder
Proponent: U.S. Army Chemical, Biological, Radiological and Nuclear School (USACBRNS)

---

a. *Description of positions.* Identifies positions requiring Soldiers qualified in conducting CBRN Responder procedures in an Army National Guard Civil Support Team, Weapons of Mass Destruction, and authorization document.

b. *Qualifications.* Must successfully complete the CBRN Emergency Responder Training Course conducted under the auspices of the USACBRNS, Ft Leonard Wood, MO.

c. *Restrictions.* Use of this SQI with any other positions in authorization documents requires prior approval from Commandant, USACBRNS, ATTN: ATSN-CM-DP, 401 Manscen Loop, Ft Leonard Wood, MO 65473-8926.

Code: S
Title: Special Operations Support Personnel
Proponent: United States Army John F. Kennedy Special Warfare Center and School (USAJFKSWCS)

---

a. *Description of positions.* Identifies selected positions for special operations support personnel.

b. *Qualifications.*

(1) Must be Airborne qualified (except for CMF 15).

(2) Successfully complete OJT/OJE and serve 24 months in their primary MOS with a U.S. Army Special Operations Command subordinate unit.

c. *Restrictions.* For use with any MOS except MOS 11, 12, 13, 14, 18, 19, 37, and 38 series in SOF organizations.

d. *Exceptions:* As an exception for award.

Title: Master Resilience Trainer-Facilitator
Proponent: HQDA DCS-G3/5/7
Special designation: Professional development proficiency code (PDPC) ASI

a. *Description of positions.* There are no positions identified for ASI 8J. ASI is for use with personnel only.

b. *Description of Requirements.* Students who attend the ten day MRT Course are assessed objectively (depth of knowledge through written checks on learning and Q&A, use of MRT lexicon, performance oriented practical exercises), and subjectively (through class participation, presentation style and motivation) by the MRT training team. Students who excel in the MRT course are invited to attend the five day MRT Facilitator Course. This next level course trains selected MRTs to assist the Comprehensive Soldier and Family Fitness Program in the delivery of training at the MRT Course. The Facilitator's role is to assist the MRT Trainer in managing the breakout classroom environment (timing, capturing learning points from students, etc). The MRT-F generates discussions for students with a ratio of 1:6 to teach, learn and the application of the 12 skills. The MRT-F Course is designed to build the MRT's depth of knowledge and develop a facilitation style that maximizes the MRT learning environment. The MRT-F graduates are not qualified to do anything different at the unit level, however, as a result of having a greater exposure to the MRT curriculum, MRT facilitators could be used to guide resilience programs at higher echelons. Facilitators are not authorized to conduct MRT courses that

train certified MRTs or award the 8R ASI. The MRT's can only be certified by HQDA DCS G-3/5/7 DAMO CSFF.

c. Prerequisites.

Must successfully complete the ASI 8R ten day course at the (a) University of Pennsylvania in Philadelphia; (b) Leader Development Division, Fort Jackson, SC, or Fort McCoy, Wisconsin and Fort Custer, Michigan for the National Guard and Reserve or at (d) various installations by Mobile Training Teams (CONUS or OCONUS).

d. Qualifications.

1. Must successfully complete the Master Resilience Trainer 9E-ASI 8R Course.

2. Selected by Master Resilience Trainer Course Leadership and DAMO-CSFF.

3. Must have six months of Master Resilience Trainer experience.

4. Must successfully complete an additional five day Master Resilience Trainer-Facilitator Course 5K-F40/520-F13 at University of Pennsylvania in Philadelphia, or Leader Development Division Fort Jackson, SC.

c. *Restrictions.* For use with personnel only. For use with Soldiers in any MOS in grades E5-E8.

b. *Description of Requirements.* The MRT API Course is offered to MRT-F's who excel in their role as facilitators by demonstrating a significant depth of knowledge for the MRT materials, are exceptionally confident, have a personable presentation style and also possess a high degree of motivation . The five day MRT–API course prepares the graduate to assist Comprehensive Soldier and Family Fitness in the delivery of the MRT course. The MRT-API leads breakout group instructions during the ten day MRT Course. An MRT-API primary role is to lead practical exercises and reinforce the key principles taught during the large group portion of the course with a ratio of 1:30 students per breakout group. The MRT-API curriculum focuses on building the students depth of knowledge by covering the research behind the Penn Resilience Project and the field of Positive Psychology. This course is by selection only.

c. Prerequisites.

1. Must successfully complete the ASI 8R ten day course at the (a) University of Pennsylvania in Philadelphia; (b) Leader Development Division, Fort Jackson, SC, or Fort McCoy, Wisconsin and Fort Custer, Michigan for the National Guard and Reserve or at (d) various installations by Mobile Training Teams (CONUS or OCONUS).
