**Position Title:** Logistics Management Specialist. Multiple positions may be filled using this Public Notice

**Grade:** NH-0346-03

This is a pay banded position. The NH-03 band encompasses grades 12-13 under the General Schedule (GS) system.

**Full Performance Level:** NH-03

**Duty Location:** US Army Acquisition Support Center, Office of the Program Executive Office, Aviation (PEO AVN), Redstone Arsenal, Alabama

**Salary Range:** \$82,266 - \$127,170 per year

**Work Schedule:** Full-time

**Appointment Type:** Permanent

**Start Date:** On or around 18 December 2022

**Relocation:** Relocation (PCS) expenses are not authorized

**Travel Requirement:** Up to 25% Temporary Duty Travel required

**Who May Apply:** U.S Citizens, nationals, or those who owe allegiance to the United States.

**Basic Qualification Requirement:**

**Specialized Experience:** In order to be found qualified for this position your resume must describe one year of experience at the NH-02/GS-11 level which includes assisting in the overall implementation and administration of programs, systems, and procedures essential for effective accomplishment of equipment management programs. Experience also must include as its primary function, coordinating logistical functions such as property accountability, inventory management, catalog management, disposal management, logistics automation, logistics analysis, and utilizing various enterprise systems.

This definition of specialized experience is typical of work performed at the next lower pay band or grade/level position in the federal service (NH-02/GS-11) or above.

Some federal jobs allow you to substitute your education for the required experience in order to qualify. For this position, you must meet the qualification requirement using experience alone--**no substitution of education for experience is permitted.**

**Major Duties:**

- Responsible for total, cradle to grave intensive logistics management to support a complex, major weapons system from concept through field deployment.
- Performs the full range of planning, liaison, contract monitoring, equipment and organizational interface, control of other government elements supporting the effort, and logistics phases of field exercises and tests.
- Coordinates requirements with AFM teams pertaining to RESET and the application of modification work orders (MWOs) in preparation for deployments.
- Initiates and maintains contacts with tri-service and key contractor personnel to include Contractor Field Team Representatives.
- Implements PEO/DA/DOD policy and procedures of acquisition to provide support of the program managers requirement to field fully supportable systems/equipment and meeting operational requirements for the soldier in the field.
- Resolves complex logistics problems affecting numerous activities and units spread over large geographical areas.
- Develops, initiates and oversees the implementation of corrective actions and program enhancements.
- Manages the processes of planning, directing, managing, monitoring, and evaluating and correcting deficiencies in ILS throughout the research, development and acquisition process.
- Support includes the management and interface with logistics element managers, contract support services, training facilities, Integrated Logistics Support Management organizations and other service users at contractor facilities and government activities.
- Develops, interprets, and/or applies a wide range of DOD, Army and PEO acquisition and logistics policies, directives, and precedents.
- Responsible for the coordination, preparation, evaluation and review of ILS management and planning documents assuring that tailoring, streamlining, and acquisition reform are considered and applied.
- Develops documents used for preparation of basic life cycle funding and budgeting to support the acquisition of the system/equipment.
- Establishes or ensures the establishment of ILS requirements for acquisition documents and contracts.
- Monitors the status and quality of ILS development services and products.
- Evaluates progress in attaining ILS objectives. Serves on ILS management teams.
