

Biography

Department of the Army

Mr. Chad Claussen

Director, Digital Transformation
Office of the Deputy Assistant Secretary of the Army
(Data, Engineering & Software)

Assistant Secretary of the Army (Acquisition, Logistics &
Technology) Washington, DC

Mr. Claussen currently serves as the Digital Transformation Director for the Deputy Assistant Secretary of the Army, Data, Engineering, and Software. In this position Mr. Claussen is responsible for assisting the PEOs in achieving digital transformation with a focus in data, digital engineering, and modern software practices.

Mr. Claussen's previous assignment was the Technical Services Associate Director and Chief Engineer of the U.S. Army Communications-Electronics Command (CECOM) Software Engineering Center (SEC). In this position Mr. Claussen was responsible for improving software readiness by providing quality software engineering solutions to improve Information Technology (IT) efficiency and security posture for both the business users and the warfighter. As Associate Director, he oversaw a mission of over 250 military, civilian and industry employees, with an annual budget more than \$40 million. Mr. Claussen drove initiatives across SEC that will reduce cost, increase quality, increase security, and increase the rate of software production and delivery.

His previous assignment was the Enterprise Services technical lead, Tactical Mission Command, Program Manager Mission Command, Program Executive Office for Command Control and Communications-Tactical (PEO C3T), where he was responsible for developing and implementing the enterprise services capabilities for the Command Post Computing Environment (CPCE).

His previous assignment was Chief of Network Integration, Technical Management Division, PEO C3T where he was responsible for the integration of the mission command capability sets ensuring the products fielded by PEO C3T were integrated and interoperable across the Brigade Combat Team (BCT) down to the dismounted Soldier, in support of deploying Brigade Combat Teams.

Mr. Claussen holds a Bachelor of Science degree in Information Systems Management from the University of Maryland, and a Master of Science degree in Systems Engineering Management from the Naval Postgraduate School. He is Level III certified in Systems Engineering and Program Management.

Mr. Claussen's awards include Superior Civilian Service Award, Achievement Medals for Civilian Service, and the Bronze Order of Mercury.
