MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Implementation of Total Army Analysis 10-15

1. Army leadership has approved implementation of Total Army Analysis 10-15. The military ceiling for the Generating Force will be 90,000 beginning in FY 10, which includes a realignment of 5,500 military personnel to the Operating Force. Funding for military to civilian conversions was not approved.
2. Army leadership applied reductions to the Generating Force as a percentage of positions for each Army command, Army service component command, direct reporting unit, and independent operating agency. The reduction assigned to Headquarters, Department of the Army is 8 percent of the FY 11 military baseline. The FY 11 military baseline is being brought forward to FY 10, and we need to redocument the FY 10 tables of distribution and allowances with the FY 11 military baseline and reductions. We will provide information on redocumenting the FY 10 tables of distribution and allowances in the near future.
3. Using the same method, we assigned a target to each OA22 family (enclosure 1). You may decide where in your family to take the reduction. Principals with organizations outside of OA22 may realign reductions to those organizations. You may retain the requirements as military or convert them to civilian without a concept plan, but you must self-fund civilian authorizations. You are encouraged to relook in-sourcing possibilities (contractor to Department of the Army civilian conversions) as a way to generate additional funding. Use the form at enclosure 2 to identify your reductions.
4. The Deputy Chief of Staff, G-3/5/7 has asked that we consider all information related to Total Army Analysis 10-15 as For Official Use Only, so please handle the data accordingly. Submit your responses to your OA22 manpower analyst by **22 May 2009**.
5. The OA22 Manpower and Force Management Division is ready to assist you with this initiative. The point of contact for this action is Joan M. Wilson, (703) 602-2568 or joan.wilson@us.army.mil.
