## **25th Infantry Division's Joint Pacific Multinational Readiness Center 25-01 Training Rotation Activity on Maui**

**SCHOFIELD BARRACKS, Hawaii (September 26, 2024)** – Tropic Lightning Soldiers from 25th Infantry Division (ID) will conduct military operations on the island of Maui as part of the large-scale training exercise, Joint Pacific Multinational Readiness Center (JPMRC) rotation 25-01 from **October 7-16, 2024**.

25th Infantry Division's Combat Aviation Brigade (CAB) will establish refueling points in the vicinity of the **Pu'unene Hawaii National Guard Readiness Center (HIARNG-RC)** and **Kahului Airport (OGG)**. These operations provide fuel support for the movement of 25th Infantry Division's Soldiers via helicopter and fixed-wing aircraft inner island transit. In conjunction with 25th CAB operations, the United States Air Force Air Expeditionary Wing will also have their C-17 aircraft on Kahului Airport supporting the JPMRC training exercise.

On Maui, minimal military ground convoy traffic (2-5 Army vehicles) is expected between **Pu'unene HIARNG-RC** and surrounding areas. A high volume of **25th CAB Rotary Wing aircraft** will transit from Oahu, refuel mid-way on Maui, and proceed to the Pōhakuloa Training Area (PTA) on the Island of Hawaii. These flights will occur primarily during the **evening and in the nighttime hours** in addition to increased United States **Air Force C-17** traffic to and from **Maui Airport 1-17 October 2024**.
