

Chapter 5

Section A

Officer standards of grade (SG) tables

5-1-1. General

This chapter contains SG table specifications for each of the occupational codes developed and approved for officer classification.

5-1-2. Officer SG tables

The tables in this chapter provide the authorized duty title abbreviations, standards of grade (SG) for tables of distribution and allowances (TDA) (5-XXX-2), tables of organization and equipment (TOE) and modified TOE (MTOE) (5-XXX-1) for each officer occupational specialty. For example the SG tables for 13A, Field Artillery are located in section 5-13A-1 for TOE/MTOE and 5-13A-2 for TDA.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TOE, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in an SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TOE, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in an SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TOE, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (X#) indicate total of multiple positions in a SRC/organization.
 2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
 3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Table 5-35A-1**Standards of grade TOE/MTOE for AOC 35A (Intelligence Officer) (Effective 202510)**

Line	Duty Position	Grade	Explanatory notes
------	---------------	-------	-------------------

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.

Notes:

1. When TDA organizations are supported with additional and/or dual line TDA positions, the additional line(s) and base paragraph will be graded in the aggregate.
2. Unless otherwise noted in explanatory notes, single lines provide grading for one position only.
3. When no grading guidance is provided by this table for coding TDA, MACOM Manpower Managers will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
2. When no grading guidance is provided by this table for coding, TDA, TRADOC MSCs, and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.
3. Duty positions for FA51 will be accompanied by a Military Acquisition Position List (MAPL) number (an alpha-numeric) that is used to fulfill statutory requirements compliant with the Defense Acquisition Workforce Improvement Act (DAWIA) and which are used by HRC for assignments of all Acquisition Officer billets in the Army.

Notes:

1. Unless otherwise noted in explanatory notes, single lines provide grading for one position only. Numbers in (LVL1) column indicate total of multiple positions in SRC/organization.
2. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSC'S and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of the manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, single lines provide grading for one position only. Numbers in (Auth) column indicate total of multiple positions in SRC/organization.
2. When no grading guidance is provided by this table for coding TDA positions TDA organizations/document proponent will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of the manpower requirements.

Standards of grade for TOE/MTOE for AOC 60K (Urologist) (Modified 202201)

Line	Duty Position	Code	Grade	Explanatory notes
1	UROLOGIST	60K00	O4	Medical Det.

Notes:

1. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
2. When no grading guidance is provided by this table for coding, TDA, TRADOC MSCs, and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, single lines provide grading for one position only. Numbers in (Auth) column indicate total of multiple positions in SRC/organization.
2. When no grading guidance is provided by this table for coding TDA positions TDA organizations/document proponent will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of the manpower requirements.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
 2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
 3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.
