

## Chapter 11

### Standards of Grade for Specialized Duty Functions

#### 11-1. General

a. This chapter contains standards of grade (SG) tables and guidance for Army-wide grading of selected specialized functions. Proponents with unique grading requirements dictated by span of control, safety, technology, force structure, or other valid considerations, may request approval to grade those positions in the individual MOS tables in chapter 10 of this regulation. b. These standards do not authorize positions. They provide the basis for grading positions. Specific guidance on use of special qualification identifiers (SQI) is contained in chapter 12 of this regulation and AR 614-200.

c. The grading standards from tables 11-1 through 11-34 will be applied to the cumulative positions within the same organizational element, i.e. section, paragraph. In sections or paragraphs with multiple MOS identifiers, i.e. 11B, 14E and 54B, the first position will be graded and coded with the predominate MOS of the career management field served or subject matter specialization of the service school or training center course. In the above example, drill sergeant positions in a training company, infantry training center would be graded and classified as SFC 11B4X, SSG 14E3X and SSG 54B3X.

d. Incidental support positions, administrative or technical, will be governed by the grading provisions of the specific MOS contained in chapter 10. These positions will not be coded with SQI "8", "I", "X", or "2".

e. No action will be taken to revise the SG for an individual MOS solely to accommodate positions governed by the standards contained in this chapter.

f. The grade used in classifying these positions must be consistent with the low-high grade authorized by SG for the MOS in chapter 10.

#### 11-2. Standards of grade for instructors and advisors

a. Instructor and advisor positions identified by SQI "8" will be governed by the following criteria and table 11-1.

b. The positions may be classified in the indicated grade in any MOS. For example, positions classified in these standards as Instructor/writer, or Writer/instructor, 11B38, may be coded in grade SFC/SSG and positions as Instructor/writer, or Writer/instructor. Normally, bona fide instructor positions will not be in a rank lower than SSG.

c. The MOS will be appropriate to the CMF served, or to subject matter specialization.

d. All positions requiring full time instructors or writers will be titled Instructor/writer, or Writer/instructor. The principal enlisted supervisor for instructor/writer, or writer/instructor positions in Directorate of Training and Doctrine (DOTD), and School, Training Departments (DOT) will be titled, Chief Instructor and graded SGM, when authorized. The principal enlisted supervisor for instructor/writer, or writer/instructor positions in divisions, DOTD and DOT will be titled Chief Instructor/writer or Writer/instructor, and graded MSG, when authorized.

(1) Assistant instructor positions, to include demonstrators, helpers, equipment handlers, and similar positions, will not be identified by special qualifications character "8" and will not be counted as instructor positions in the application of SG for instructors and advisors. A separate grade pattern is provided in table 11-1 for the grading of these assistant instructor positions.

(2) Squad, platoon, and company NCO positions in training companies that provide for command, control, administration, and messing, but do not provide for training of trainees, will not be classified with SQI "8".

(3) Noncommissioned officer primary leadership development course (PLDC) of instruction for small group leader (SGL) positions may be coded in any MOS (CA, CS, CSS) and identified with SQI "8", or appropriate SQI. The MOS for basic (BNCOC) and advanced (ANCOC) noncommissioned officer course of instruction for SGL will be the same as that of the group they lead and identified with SQI "8", or appropriate SQI, per AR 614-200.

(4) The MOS for PLDC, BNCOC, ANCOC, and Sergeants Major Course (SMC) Instructor/writer positions will be based on subject matter specialization (CA, CS, CSS) and identified with SQI "8", or appropriate SQI.

(5) Use of SQI "8" with the Commandant position in a Noncommissioned Officer Academy (NCOA) is not authorized.

11-3. Standards of grade for training developers and writers

a. Training developer and writer positions, identified by SQI "2" in chapter 12, will be governed by the SG in table 11-2. This SG applies only to those training developer and writer positions that require the preparation of doctrine and training literature, lesson plans, analysis and rewriting of doctrine in the development of instructional literature and systems by action officers on a full time basis.

b. The SQI "2" will not be removed or replaced by another SQI while the individual is assigned to training development and writer duties.

c. Positions will be classified in an MOS most closely related to the training activity, career management field served, or subject matter specialization.

11-4. Standards of grade for drill sergeants

a. Drill sergeant positions identified by SQI "X" will be governed by the SG in table 11-3. The drill sergeant program is described in AR 614-200.

b. These positions will be classified in the MOS most closely related to the career management field served, training activity, or subject matter specialization.

11-5. Standards of grade for military assistance advisory groups (MAAG) and MAGG training teams (TT).

11-9. Standards of grade for installers

Installer positions identified by SQI "I" per chapter 12 will be governed by the SG in table 11-8. This SG applies only to bona fide installer positions, entailing installation of equipment, systems or subsystems on a full-time basis.

11-10. Standards of grade for senior staff NCOs

a. Senior staff NCO is a "staff action" position designed to utilize the valuable technical expertise and professionalism of the senior non-commission officer in the functional area represented by a particular CMF. Duty performance is primarily oriented to creative writing, preparation

and presentation of briefings, participation in meetings and conferences, and coordination of actions with other staff elements. Presence of another SGM position in the same organization will not bar use of a senior staff NCO. However, senior staff NCO positions will not normally be established where the principal NCO in the same or higher organizational element is graded less than SGM. Also, these positions will not be authorized below the sub-MACOM level unless specified in the grading standard (table 11-9) and approved by HQDA.

b. Senior staff NCO positions will be graded SGM as shown in the SG in table 11-9. Positions may be classified in any MOS, provided grade SGM is contained in the MOS SG in chapter 10.
