

Chapter 5

Grade Standards for Officer Positions

5-1. General

This chapter provides grade standards for officer positions in authorization documents per policy established in AR 611-1. Standards of grade do not authorize positions but provide a basis for determining equitable grades for positions after the number of positions authorized have been established under the provisions of AR 71-32 and 310-49.

5-2. Standards of grade (SG) tables for TOE/MTOE and TDA organizations

The tables in the chapter provide the authorized duty title abbreviations, standards of grade (SG) for Table of Distribution and Allowances (TDA), Tables of Organization and Equipment (TOE), modified TOE (MTOE), battalion level grading standards, medical officer grading standards and grading standards for selected organizations and areas of concentration.

Notes:

- The positions included in the generic tables are not inclusive of all units. They are used as guidelines for positions that exist within a unit.
- Examples of General Officer Commands:
 - GEN-MACOM responsible directly to CSA, i.e., TRADOC, FORSCOM, etc.
 - LTG-CONUS Army, Integrating Center.
 - MG-MACOM or Field Activity responsible to a member of HQDA, i.e., AHRC, MTMC, MDW, etc., USATC over 11,000 population required.
 - BG-USATC 5,000-11,000 population required.
- Grades are based on the criteria established in chapter 5 of this regulation.
- Population figures are total civilian and military requirements unless otherwise stated.
- The grade of a position will not be structured to authorize the supervision of an equal grade. Positions will not exceed the grade established by the standard. A lower position grading or structural supervisory change is required when in conflict with the "equal grade prohibition".
- Not more than 50% of staff positions not shown (non-supervisory action officers) will be graded at least one grade lower than their immediate supervisor (military or civilian). All other positions will be graded two or more grades lower than their supervisor, unless that would require grading as LT or unless specific position grading is provided in DA Pam 611-21, chapter 3. Requests for exemption to the 50% rule must be submitted in writing to ODCS G-1, ATTN: DAPE-PRP-CSB, 300
