### **Section C**

#### **Warrant officer standards of grade (SG) tables**

##### **8-3-1. General**

This chapter contains SG tables for each of the occupational codes developed and approved for warrant officer classification.

##### **8-3-2. SG table for warrant officer**

The tables in this chapter provide the authorized duty title abbreviations, standards of grade (SG) for tables of distribution and allowances (TDA) (8-XXXX-3), tables of organization and equipment (TOE) and modified TOE (MTOE) (8-XXXX-2) for each warrant officer occupational specialty. For example the SG tables for 131A, Field Artillery Targeting Technician are located in section 8-131A-2 for TOE/MTOE and 8-131A-3 for TDA.

Notes:

1. Unless otherwise noted in explanatory notes, lines provide grading for one position only. Numbers in (#) indicate total of multiple positions in a SRC/organization.
2. When TOE/MTOE organizations are supported by an augmentation TDA, augmentation (A) and base paragraphs will be graded in the aggregate.
3. When no grading guidance is provided by this table for coding TOE/MTOE, TRADOC MSCs and Non-TRADOC specified proponent (TOE Combat Developers) will coordinate with the appropriate Branch Personnel Proponents (listed in chapter 15) to support additional grading of manpower requirements.
