

Adjutant General (AG) Corps (Career Management Field 42) Career Progression Plan

Chapter 1. Duties

The purpose of the Adjutant General (AG) Corps is to provide manpower, Human Resources (HR) support, and band support to commanders at all echelons, to enhance the readiness and operational capabilities of the total force and ensure success across the full spectrum of military operations. The AG Branch manages the HR life-cycle functions that include structure, acquisition, distribution, development, deployment, compensation, sustainment, and transition to help ensure a quality force. HR NCOs conduct core competencies outlined in FM 1-0, Human Resources Support and are supplemented by JP 1-0, Joint Personnel Support when assigned to support Joint, Inter-agency, Inter-governmental and Multinational (JIIM) operations. Specially selected and managed assignments including the Defense Intelligence Agency (DIA), White House Communications Agency (WHCA), Special Operations Forces (SOF), Special Missions Units (SMU), and others, provide HR professionals the opportunity to execute core competencies while supporting national-level missions. HR NCOs must possess the necessary technical and operational expertise to advise commanders and Senior Enlisted Leaders on the human dimension of readiness in decisive action. They must be able to comprehend and integrate the organization, structure, and doctrine of the Army as it evolves in the face of rapidly changing complex situations. They employ automated human resources information systems and standard software applications, manage requirements, prepare for near-term developments, and forecast needs. Army Bands serve as a combat multiplier and play an integral part in the sustainment of forces engaged in unified land operations. Army Bands promote the Army and our national interests, enable commanders to shape the environment to accomplish their mission, and set the conditions that lead to trust and confidence in America's Army and its readiness to conduct operations in peacetime, conflict, and war. Army Musicians are among the Army's most visible and effective builders of esprit de corps and cohesion and serve to enhance the Army's public image. Therefore, Army Musicians must demonstrate the highest level of professional performance and appearance standards to best represent the Army and serve the Nation.

Chapter 2. Transformation

Human Resources Soldiers are valuable and vital parts of every organization as they support and manage the Army's most important resource – its people. It is imperative that HR NCOs remain in the forefront as the Army undergoes continued transformation to meet the Nation's needs now and into the future. As a result, HR NCOs must remain knowledgeable and relevant within their field through professional military and civilian education and successful performance in competency-based assignments. HR competency-based assignments are G-1/J-1/AG, S-1s, and Standard Requirement Code (SRC) 12 units (Theater Personnel Operations Center (TPOC), Military Mail Terminal Teams (MMT), Human Resources Operations Center (HROC), Human Resources Operations Branch (HROB), Theater Gateway Personnel Accountability Teams (TG PAT), HR Company HQs, Postal Platoons, HR Platoons, Personnel Accountability Teams (PAT), Casualty Liaison Teams (CLT)). HR Support is an element of personnel services and is aligned under the Sustainment Warfighting functions described in ADP 3-0 and 4-0. HR NCOs support the force by executing the core competencies using the six interdependent enduring principles of Integration, Anticipation, Responsiveness, Synchronization, Timeliness, and Accuracy. Therefore, HR NCOs must fully understand the structure and warfighting doctrine of their organization. Furthermore, they are leaders responsible for the tactical and technical training of their subordinates in HR systems, policy, directives, and guidance. Due to the specialized technical skills required of Army Band Soldiers, all positions within Army Bands are competency-based assignments. Musicians incorporate industry standard performance techniques into operationally appropriate musical support products and provide training on these techniques to subordinates in order to provide critical support to the senior commander's strategic outreach. The role of Army Bands in strategic outreach includes performing music in support of Soldiers, Families, recruiting, public diplomacy, community relations, and education. Additionally, Army Bands provide support to coalition operations to help build political, diplomatic, and social bonds between U.S. Forces and peoples of

other nations, as well as provide support for ceremonies, troop functions, concerts, protocol functions, and religious ceremonies at home and abroad. Army Bands provide Music Performance Teams (MPT) to conduct music support operations, provide mission command for MPTs to allow concurrent mission support, and actively support efforts to recruit civilian personnel for service in all components of the Army.

The Proponent for the AG Branch is the Commandant, Adjutant General School (Personnel and Leader Development Division), 10,000 Liberty Division Road, Fort Jackson, SC 29207-7025. Personnel Developers can be reached at 803-751-8352, 803-751-8347 or DSN 734-8352/8347.

a. Major duties. The HR specialist manages and performs HR functions in support of every echelon of command across DOD. Personnel Information Management (PIM) is the foundation of successful Man the Force operations and is the connective force that supports the execution of all HR core competencies and subordinate key functions. HR support is executed through the two core competencies and key functions outlined in FM 1-0, Human Resources Support. These competencies are unique and ensure Army readiness. The core competencies are:

(1) Man the Force - consists of the key functions that affect personnel aspects of building combat power of an organization. The key functions of Man the Force are Personnel Readiness Management (PRM), Personnel Accountability and Strength Reporting (PASR), HR Support to Replacement Operations, and HR Support to Casualty Operations.

(2) Provide HR Services - consists of the functions conducted by HR professionals that specifically impact Soldiers and organizations and include the key functions of Essential Personnel Services (EPS), Postal Operations, Morale, Welfare, and Recreation (MWR) operations and Army Band Operations.

{Coordinate Personnel Support- consist of functions including Command Interests Programs (CIP), and Retention Operations (RO).}

(3) These duties are performed in Companies, BN and BDE level S1s, SMUs, SOF, G1/J1 sections, Theater Personnel Operations Center (TPOC) Military Mail Terminal Teams (MMT), Human Resources Operations Center (HROC), Human Resources Operations Branch (HROB), Theater Gateway Personnel Accountability Teams (TG PAT), HR Company HQs, Postal Platoons, HR Platoons, Personnel Accountability Teams (PAT), Casualty Liaison Teams (CLT) and Army/Joint level staffs. Soldiers selected for membership in the SGT Morales or SGT Audie Murphy Clubs, as well as recognition as BDE or higher "Soldier of the Quarter/NCO of the Quarter" or "Soldier of the Year/NCO of the Year" awards, should be considered above their peers. NCOs who are named "Distinguished Honor Graduate," who are placed on the Commandant's List in the top 20 percent of a graduating class, are selected as "Distinguished Leadership Awardee" or achieved "Superior Academic Achievement" in any NCOPDS, have demonstrated greater ability and potential than those who have not.

Chapter 5. Military occupational specialty 42A professional development model

Access to the PDM can be accessed from the ACT Web site. They are located under the career resources' tab at the following web address: <https://actnow.army.mil>.

Chapter 6. Military occupational specialty 42A Reserve Component

RC Soldiers play an important role in the mission of the Army. To qualify for MOS 42A, Soldiers must complete training conducted by the U.S. Army AG School or a RC Training Institution designated by the U.S. Army AG School. RC duty assignments may differ due to the structure of the USAR/ARNG, but career progression and most broadening assignment opportunities mirror the AC. Individual and collective RC readiness and training is critical to the AC mission.

- a. Garrison Operations: RC Soldiers conduct HR core functions to support the Army Sustainable Readiness Program throughout routine Battle Assemblies. RC Soldiers annually complete short periods of active service known as Annual Training (AT) for the purposes of METL training and validation. AT is also utilized for RC unit Soldier Readiness Processing and providing direct support to AC missions.
- b. Mobilization: RC Soldiers are often mobilized to support AC operations in various CONUS and OCONUS theaters. When mobilized, HR personnel from the RC are charged with conducting core HR functions as an AC Soldier. The NCOPDS system ensures HR Soldiers in the RC remain trained to execute HR operations and utilize systems within the AC.

Chapter 7. Military occupational specialty 42R musician

a. Major duties. Army Bands support CCDRs in all strategic contexts: competition, crisis, and armed conflict. Army Bands support the Sustainment Warfighting Function through the human resources (HR) support core competency of provide HR services via the critical functions Army band operations. To accomplish this support, Army Bands are designed, equipped, and trained to provide live music to Soldiers in deployed and austere environments, render honors, support military ceremonies, engage Soldiers, Families, veterans, and audiences nationally and internationally. Army Bands have a variety of resources with which to accomplish musical support missions. Bands are task-organized into Music Performance Teams (MPTs). An MPT is a team that offers the flexibility to support concurrent musical missions in multiple geographical areas. MPTs are identified by their instrumentation (additional skill identifier) and provide an array of situationally and culturally appropriate performances. The following elements may be employed by Army Bands to include Concert Band, Marching Band, Ceremonial Band, Woodwind, Brass Ensemble, Rhythm Ensemble, Chorus, Soloist, and Bugler. MOS 42R Musicians can expect to perform in or lead a variety of MPTs at each assignment. MPTs create significant leadership positions for Army Band NCOs and demand the highest level of leadership and MOS technical proficiency to effectively accomplish the mission of Army Bands. Army Bands are not authorized support personnel, therefore MOS 42R Musicians are expected to perform all company level administrative tasks to include Human Resources, Logistics and Resource Management, Operations, Training, and Safety, Security and Communications in addition to their musical and leadership responsibilities. Throughout this document these administrative positions are referred to as Music Support Sections. As Army Musicians assume more challenging roles and responsibilities, they should seek to develop strong interpersonal communication, management, administrative, and leadership skills. MOS 42R Musicians perform these functions in MTOE units within the Operating and Generating Forces, TDA units, Institutional, and Broadening assignments. Through these experiences an Army Musician will gain the enterprise perspective and professional development opportunities needed to assume the most senior leadership positions in Army Bands.

b. Prerequisites. Soldiers must meet, and maintain, the minimum technical proficiency

requirements contained in USASOM Regulation 350-70-4, as well as AR and DA PAM 220-90, Army Music. DA Form 7764-1 through 7794-16, the Army Music Proficiency Assessment (AMPA) Form, will be used to record and report all assessment results. The entire series may be found online on the Army Publishing Directorate. For more information see Smartbook DA Pam 611-21, Chapter 10 located at <https://www.milsuite.mil/book/groups/smarbookdapam611-21>.

c. Goals for Development.

(1) *Career Management.* 42R Soldiers and NCOs should be enrolled in and actively utilizing Army Career Tracker (ACT) as a tool to monitor and guide career progression both for themselves and their subordinates. In addition, NCOs should ensure that their subordinates are enrolled in, and understand the functions of the ACT. The ACT, in conjunction with DA PAM 600-25, will provide Soldiers and leaders the information and guidance needed to maximize career progression opportunities for Soldiers throughout all stages of their career. Army Musicians who want to be competitive for promotion to the senior ranks should seek assignments at different types of bands in different locations (Direct Support and General Support, Operating Force and Generating Force, CONUS and OCONUS) as well as broadening assignments. The most competitive Soldiers will have a record of service in several Music Support Sections, musical and troop leadership roles, and collateral duty positions as described in the following paragraphs.

(2) *Achievements.* Recognition for individual achievement through the course of a Soldier's career can contribute to being recognized above their peers for advancement.

(a) Army Musicians may be nominated for Adjutant General's Corps and/or Regimental awards which include the Army Band Soldier and NCO of the Year, AG Corps Soldier and NCO of the Year, Colonel Finley R. Hamilton Outstanding Military Musician Award, Major General Horatio Gates Medal (Bronze/Gold), Colonel Robert L. Manning Achievement Medal, President Benjamin Harrison Medal, Sergeant Major Larry L. Strickland Medal, and the President Theodore Roosevelt Medal.

(b) *Personal Awards.* Recognition of exemplary performance can help to set a Soldier apart from their peers for promotion consideration and should be evaluated based upon the individual events and merit that resulted in recognition. Awards should not serve as a sole discriminator for promotion consideration.

(c) *Recognition.* Soldiers selected for membership in the SGT Morales or SGT Audie Murphy Clubs, as well as awards from BDE or higher Soldier of the Quarter/NCO of the Quarter or Soldier of the Year/NCO of the Year competition boards should be considered favorably in comparison to their peers. Soldiers and NCOs who are named in the top 20% or 21-40% at NCOES have set themselves apart from their peers.

Chapter 8. Military occupational specialty 42R professional development model

Access to the "Career Maps" can be accessed from the ACT Web site. They are located

under the career resources' tab at the following Web address: <https://actnow.army.mil>.

Chapter 9. Military occupational specialty 42R Musician, Reserve Component

The success of the Army Band Career Program (ABCP) depends greatly on the quality of Soldiers in the Reserve Components (RC) as they make up the majority of all 42R Soldiers. RC Army Musicians perform music as part of the collective unit or in small, individually employed Music Performance Teams (MPT) to allow for concurrent operations and training. Duty positions and by-grade expectations of Institutional Training, Self-development, and Additional Training are the same for all 42R Soldiers regardless of component. RC Soldiers may spend their entire career in one band and career progression is that of grade, through the various duty positions and collateral duty assignments within an Army Band. Civilian musical experience, technical, and management skills should be a factor when being considered for the next grade and should be annotated on the Soldier's NCOER. There is little to no diversity of assignments and therefore no expectation or requirement to accept broadening or MOS enhancing assignments in order to be promoted.

Chapter 10. Military occupational specialty 42S, The U.S. Army Band

a. Missions and Unit Structures.

(1) The U.S. Army Band (TUSAB). Joint Base Myer-Henderson Hall, Virginia.

(a) Mission: The United States Army Band "Pershing's Own" provides musical support for the leadership of the United States, to include all branches of government, and to a wide spectrum of national and international events to connect the Army to the American people.

(b) Structure: Six Elements- Concert Band, Ceremonial Band, Strings, Vocal, Pop, and Support. The Concert Band is divided into five groups- Woodwind, Brass/ Percussion, Training & Readiness, Materiel, and Missions & Plans. The Ceremonial Band is divided into five groups- Ceremonies and Special Events, Training and Readiness, Memorial Affairs, Herald Trumpets, and the Brass Quintet. The Strings is divided into two groups- Strolling Strings and the Orchestra. The Vocal Element is divided into two Groups-High Voice and Low Voice. The Pop Element is divided into two Groups- The Army Blues, and Downrange. Our Support Element houses our five civilians as well as all critical function areas for the Organization. The Support Element is divided into four groups- Technical Support, Soldier Support, Music Support, and OPS/PLANS/TRAINING. Soldiers participate in multiple cross-functional groups and small teams.

b. Prerequisites. The Special Band's Commander awards personnel the MOS 42S based on specific needs of the organization. Soldiers assigned to The U.S. Army Band must meet the prerequisites for assignment to presidential support activities (AR 380-67) and prepare for a background security investigation. For additional information in reference to MOS 42S, see AR 614-200, para 6-6.

c. Goals for development. As published by the appropriate organization.

(1) DA PAM 600-25, will provide Soldiers and leaders the information and guidance needed to maximize career progression opportunities for Soldiers throughout all stages of their career. Additionally, 42S NCOs are encouraged to utilize the Army Career Tracker (ACT) as a tool to set personal goals and seek external mentorship opportunities. In addition, NCOs should ensure that their subordinates understand the functions of ACT. The most competitive Soldiers will have a record of service in several administrative support sections, musical and troop leadership roles, and collateral duty positions as described in the following paragraphs.

(2) *Achievements.* Recognition for individual achievement through the course of a Soldier's career can contribute to being recognized above their peers for advancement.

(a) Army Special Band Musicians may be nominated for Adjutant General's Corps and awards which include the Army Band NCO of the Year, and the Colonel Finley R. Hamilton

Outstanding Military Musician Award.

(b) *Personal Awards.* Recognition of exemplary performance can help to set a Soldier apart from their peers for promotion consideration and should be evaluated based upon the individual events and merit that resulted in recognition. Awards should not serve as a sole discriminator for promotion consideration.

(c) *Recognition.* Soldiers selected for membership in the SGT Audie Murphy Clubs, as well as awards from BDE or higher NCO of the Quarter or Soldier of the Year/NCO of the Year competition boards should be considered favorably in comparison to their peers.

1. Staff Sergeant.

(a) *Assignments.* Primarily assigned as Musicians or Support Musicians and perform additional duties within their elements and the Unit. Newly assigned SSGs will spend the first 24 to 36 months honing their primary technical skills. SSGs are expected to maintain superior musical, or technical proficiency and fundamental knowledge of TUSAB, both its history and current role within the Army and DoD, and basic military concepts. SSGs may serve in a variety of roles in addition to their primary duty.

(1) *Operational Assignments.* Musician; Support Musician

(2) *Key and Unit Specific Positions.* Staff Sergeant level positions that include but are not limited to Librarian Adjunct; Unit History Team; GPC Holder; Auditions Team; Element Supply Representative; Soldier care initiative teams (MRT, VA, EO, DEI, BOSS, SFRG); Force Protection NCO; Retention NCO

(b) *Institutional Training*

(1) *Professional Military Education.* 42S is exempt from PME through the Acquired Civilian Skills Program.

(2) *JPME.* N/A

(3) *Functional Training.* Functional courses provide Soldiers an opportunity to acquire collateral duty position-required skills and knowledge that cannot be obtained by attending other institutional courses. The courses may provide training, which qualify Soldiers for award of an ASI, SQI, or SI. Completion of Master Resiliency Training (ASI 8R) and Equal Opportunity Leader Course are encouraged for Soldiers assigned to units where these courses are available.

(4) *Additional Training.* SSGs may continue to pursue completion of Army Distributed Learning Program courses that will broaden their knowledge of general military subjects and increase their ability to function in Senior NCO positions. Completion of non-MOS specific courses such as Unit Prevention Leader, H2F, and BCC, TCC, and MCTC Combatives enhance individual Soldier skills and overall unit readiness.

(c) *Lifelong Learning.* Lifelong learning is an essential tenet to Army leadership development

(1) *Civilian Education.* Most 42S come into the military already possessing a bachelor's degree, master's degree, or higher. Continued pursuit of civilian education post BASD is a discriminator for promotion. Examples include seminars, courses, certifications, and degree programs. The Army Credentialing and Continuing Education Services for Soldiers (ACCESS) program promotes lifelong learning to sharpen the competitive edge of the Army Soldiers now and for the Future Force. Visit <https://armyuniversity.edu/ACCESS/home> and <https://www.armyignited.army.mil/> for more resources and information. Soldiers can receive up to \$4000 per fiscal year through the Army's tuition and credentialing assistance programs (<https://www.armyignited.army.mil/>). The Defense Activity for Non-Traditional Education Support (DANTES) provides no-cost education and career-planning programs for U.S. Armed Forces military members including college credit for military training and experiences or by examination. Visit <https://www.dantes.doded.mil/> for more information.

(2) *Army e-Learning.* Army e-Learning courses provide access to over 3,500 Information

Technology, Business Skills, and Interpersonal Skills courses. Many Army e-Learning courses have been approved for college credit by the American Council on Education (ACE).

(d) Self-Development.

(1) *Competitive Boards.* Competition boards such as Audie Murphy and Army Band Noncommissioned Officer of the Year broaden the Soldier's knowledge base, instill discipline and improve the Soldier's ability to communicate verbally.

(2) *Stewardship of the profession.* The Center for Army Leadership conducts studies, develops doctrine, provides assessment programs, and develops products and services that improve Army leadership, support developing leaders and strengthen the profession in order to achieve positive command climates mission ready units. Visit <https://cal.army.mil/> for self and leader development tools and kits.

(3) *Guided.* NCOs are expected to stay current and relevant in the music field. SSGs are expected to be self-motivating in their professional development. MOS Enhancement music lessons, and civilian educational opportunities are encouraged. Refinement of musical proficiencies and attendance to conferences related to professional development are supported. Individualized research and attendance to conferences related to leadership and organizational management are recommended. There are many opportunities within 42S to accomplish this.

(e) Credentials/Certifications. Credentialing can contribute to military career development and may be accepted for self-development requirements and in performance evaluations. Some credentials are more related to the 42S - Musician MOS while Common Core Credentials are related to duties performed by any Soldier regardless of MOS. Credentials may require additional education, training, or experience. For more information about these credentialing opportunities visit the ARMY COOL (Credentialing Opportunities On-Line) website. <https://www.cool.osd.mil/army/index.html>

(f) Additional guidance. Although past performance is the foundation for evaluation, potential for success at the next higher rank is paramount. The total Soldier must be considered when deciding who will be promoted. No single factor or accomplishment will be overriding. Given the unique structure and system of Army Special Music Units and the correlating mission of TUSAB, the following are provided as a prioritization list of importance of some key factors involved in selecting those who will be promoted to the next higher rank ahead of their peers:

(1) Potential to succeed ahead of their peers at the next higher grade.

(2) Success as a Soldier in their current duties, who demonstrate sound decision making, and who show leadership potential.

(3) Value and quality of work serving the unit's mission as compared to their peers.

(4) Appearance, behavior, and standards that serve as a model for all Army Soldiers.
