U.S. ARMY

TACKLE THE ARMY'S MOST CRITICAL MODERNIZATION CHALLENGES THROUGH THE xTECHSEARCH 9 COMPETITION

The Army xTech Program seeks innovative U.S. small business technology solutions with dual-use capabilities that address the Army's current and emerging needs. The competition will award up to $900,000 in cash prizes and offer winners up to $6 million in follow-on opportunities.

KEY BENEFITS

DIRECT ACCESS AND EXPOSURE TO ARMY AND DOD STAKEHOLDERS	**TRANSPARENT AND DETAILED FEEDBACK FROM MULTI-DISCIPLINARY EXPERTS**	**MENTORING AND EDUCATIONAL OPPORTUNITES THROUGH ACCELERATOR PROGRAM**	**EARN CASH PRIZES & THE OPPORTUNITY TO SUBMIT A PHASE I ARMY SBIR PROPOSAL**

xTechSearch is an open-topic competition designed to identify groundbreaking technologies with strong commercial traction that may also provide game-changing capabilities for the Army. For more details on critical technology areas, please refer to the Request for Information.

The xTechSearch 9 competition will accept submissions until 5 p.m. ET on June 4, 2025. For real-time updates, and to learn more about the competition, follow us on social media and visit our website at www.xtech.army.mil.

Want to learn how you can participate in xTechSearch 9? Register for the virtual xTechSearch 9 Informational Webinar on May 21, 2025, at 3 p.m. ET via this link:
