

PEO ENTERPRISE

MR. BILL HEPWORTH

Program Executive Officer

In January 2024, William (Bill) Hepworth assumed the position of program executive officer for U.S. Army Program Executive Office (PEO) Enterprise — formerly known as PEO Enterprise Information Systems (PEO EIS).

As program executive officer, Hepworth is responsible for managing a diverse portfolio of around 50 projects and supporting efforts spanning six domains: data and data analytics, training and readiness, force management, finance and accounting, human capital and logistics.

Prior to assuming the charter, Hepworth served as deputy program executive officer at PEO Enterprise since December 2022. In that role, he helped oversee the organization's digital modernization and Agile transformation, working closely with programs, partners and Army senior leaders to ensure that enterprise business system capabilities are delivered rapidly and continuously to Soldiers and civilians.

Hepworth previously served as a contractor to various organizations within Headquarters, Department of the Army; the Assistant Secretary of the Army for Acquisition, Logistics and Technology; and Headquarters, U.S. Army Materiel Command. His primary focus over the last decade has been organization-wide information technology (IT) modernization with an emphasis on cloud transformation and instilling Agile engineering in IT and related fields.

From November 2020 to December 2022, Hepworth served as RecoveryTrac technical product manager at Tetra Tech in Maitland, Florida. Before that, he held a variety of positions with industry, including as director of Blackstone Federal; director of eGlobalTech; director of solutions architecture at eGlobalTech; principal engineer at Enigmatrix Consulting; and director of IT at Octo Consulting Group.

Prior to that, Hepworth was a senior associate with Booz Allen Hamilton from 2003 to 2014, a technical lead at SAIC and chief technology officer at Practical Solutions Corporation.

He earned a Bachelor of Science in computer information systems from Strayer University and an Executive Master of Business Administration from the College of William and Mary.

Hepworth is a certified Scrum Master and Project Management Professional. ★
