Labor Day 2025

As Labor Day approaches, I want to extend my heartfelt gratitude to each of you—Soldiers, civilians, and contractors alike—for your dedication to our mission. This holiday reminds us of the enduring strength and progress built by America's workforce. Here at NSSC, that legacy continues through your commitment to advancing the readiness and capabilities of our military.

Your work directly enables the Department of Defense's priority to maintain a lethal and ready force. From developing the most advanced equipment to improving the efficiency of the gear our warfighters depend on; you are at the cutting edge of innovation. By doing so, you help reestablish deterrence and ensure that our service members are never overmatched, no matter the challenge.

Every project, test, and idea you bring forward has a profound impact on the battlefield. Together, you make certain that Soldiers have the tools they need to fight, win, and return home safely. That is no small responsibility, and I could not be more proud of the professionalism and excellence you demonstrate daily.

As you take time this weekend to rest and celebrate with family and friends, please do so safely. Recharge knowing that your work matters—not just to this installation, but to the entire U.S. military and the nation we serve.

Thank you for everything you do. Enjoy a well-deserved Labor Day.

SOLDIERS: OUR CREDENTIALS.
