

FORT SILL, OK TO THE PORT OF BEAUMONT AND PORT ARTHUR, TX

POWER PROJECTION PLATFORM (PPP) ROUTE

27 March 2024

BACKGROUND: Power Projection Platforms (PPPs) are defined as military installations that strategically deploy one or more high-priority active component brigade and/or mobilize and deploy high-priority reserve component units. Increased deployment activity requiring a fast and coordinated response has become the normal operational standard within the continental United States. Routes between PPP installations and their designated Air and Sea Ports of Embarkation (APOEs/ SPOEs) are termed PPP Routes. PPP Routes, a subset of the STRategic Highway NETwork (STRAHNET), are the most critical 5,000 miles of public roadways for supporting the safe, rapid, and efficient movement of DoD personnel and equipment. Highways for National Defense (HND) mission requirements call for ensuring PPP Routes are maintained at a capable design, performance, and condition standard to support national emergency deployments.

INSTALLATION: In southwestern Oklahoma, Fort Sill is located on 93,829 acres on the north side of the City of Lawton in Comanche County. The installation population is 8,300 permanent military and 6,200 civilian employees. Additionally, tens of thousands of students come to the installation for training every year.

ROUTE: The PPP Route between Fort Sill and the Port of Beaumont is approximately 517 miles in length. The route begins at the Apache Gate on Apache Gate Rd and continues onto SR 49, I-44, US 287, I-35W, I-820, I-20, US 287, I-45, SR 336, SR 105, US 96, I-10, US 287/69/96, SR 380, and ends along Franklin St at the Main Gate to the Port of Beaumont. The PPP Route from Fort Riley to Port Arthur is approximately 532 miles in length. The majority of the initial 512 miles is the same as when traveling to the Port of Beaumont. However, the route diverges at the interchange with SR 380 to continue south on US 287/69/96, then on to SR 73, 82, 87, Houston Ave, and ends along W. Lakeshore Dr at the Contractor (Modular) Gate at the Port Arthur.
