

Military Surface Deployment and Distribution Command

Customer and Carrier Advisory

April 7, 2023

CA-23-04-07/0031

Subject: Hazard Class 4.1 (Flammable Solids), 4.2 (Spontaneously Combustible Material) and 4.3 (Dangerous When Wet) to Ramstein Air Base, Germany via AMC Airlift.

Purpose: To notify shippers/TOs/EUCOM/AFRICOM/CENTCOM customers of limited quantity acceptance of Hazard Classes 4.1 and 4.2 with prior approval. Additionally, the 721 APS can no longer accept or safely store Hazard Class 4.3 until the fire suppression is replaced. Until further notice, Hazard Class 4.3 is PROHIBITED for movement into or out of Ramstein Air Base, Germany.

Be Advised: The 721 APS fire suppression system has failed, and the fire department does not have the capability to fight a fire of this nature. 721 APS will accept limited quantities of 4.1 and 4.2 with prior coordination with 721 APS/Cape Forecasting at DSN: 314-479-4401/4387/4418. Delays on shipments could occur depending on customer requirements and on-hand quantities of hazardous materials.

Foreign Military Sales generates majority of the HazClass 4.3 movements.

HQ AMC POC: AMC/A4TC, DSN 779-4434/Commercial 618-229-4434, amc.a4tcp@us.af.mil
