

Military Surface Deployment and Distribution Command
Customer and Carrier Advisory
September 15, 2025
CA-25-09-15/0055

Subject: Launch of a New SDDC Public Facing Website

Purpose: To inform personnel of how to access SDDC's new website solution.

Be Advised: The Surface Deployment and Distribution Command (SDDC) is sunsetting their current public website solution and launching a new site effective 15 September 2025: <https://www.army.mil/sddc>. This new platform offers improved mobile compatibility and streamlined functionality. Industry Partners should select Industry from the menu to launch the new Industry Engagement Platform.

On average, SDDC publishes 125 Customer Advisories each year. Integration into this new solution will affect the display and search capabilities. The Advisory team will continue to publish advisories (by publication year and active or expired status) under the Industry tab (see site examples). Until the Army Enterprise Solution is in place, the following will be the standard.

Information about the Customer Carrier Advisory Program. Example:

CUSTOMER CARRIER ADVISORY PROGRAM

Stay Up-to-Date on Advisories Submit an Advisory	+
Not seeing what you are looking for? Let us Know	+
