

Enables Speed Through Contracting!

# ARMY CONTRACT WRITING SYSTEM (ACWS)

## WHAT IS ACWS?

ACWS delivers a world class, single enterprise-wide contract writing and management solution at the speed of relevance. It is designed to modernize and streamline the Army's procurement process, replacing legacy systems like the Standard Procurement System (SPS) and Procurement Automated Data and Document System (PADDS). ACWS is built on the Air Force's Contracting Information Technology (CON-IT) platform.

## WHAT DOES ACWS DO?

ACWS provides a unified and innovative solution for creating, managing and executing contracts. Key functionalities include streamlined contract generation, system integration with other critical data and financial systems and automated clause selection.

## WHO WE ARE

Development and implementation of ACWS is a collaborative effort led by:

- **Capability Program Executive Enterprise Software & Services**, managing the software environment and overall program.
- **Office of the Deputy Assistant Secretary of the Army for Procurement (ODASA-P)**, providing functional sponsorship and guidance for ACWS.

**\$29M** annual sustainment savings from sunsetting legacy systems by end of FY26

**31** Contracting Offices across **8** different commands

**96%** overall training satisfaction rating

## VISION

ACWS enables a fast, more efficient and compliant end-to-end procurement lifecycle for the Army.

## MISSION

ACWS provides the Army with a contract writing and management system that enables a faster, more efficient and compliant contracting process throughout the full procurement lifecycle, from requirements to contract closeout.

## MAGNITUDE

- **8050+ ACWS users** across 300 CONUS & OCONUS sites
- Obligated funds surged from **\$95M (FY23) to \$40.6B (April 2026)**
- **86,500+** contract actions executed to date
- Supports **1.33 million Army personnel** (Active, Guard, Reserve and Civilians)

# TOP GOALS & PRIORITIES

Why we do what we do, every day:

- **Empower the Warfighter.** Accelerate delivery of equipment and services to enhance Soldier readiness.
- **Modernize Contracting.** Replace multiple legacy systems with a single, efficient platform to reduce administrative burdens.
- **Improve Accountability.** Enhance audit readiness and financial transparency through seamless system integration.
- **Focus on the User.** Deliver an intuitive, user-centric system that evolves with the needs of the contracting workforce.
