U.S. ARMY

TOOELE ARMY DEPOT

Tooele Army Depot (TEAD) is a Government- Owned, Government-Operated Department of Defense (DOD) facility located in Tooele, Utah.

TEAD receives, stores, ships, produces, renovates and demilitarizes conventional ammunition, missiles and related components to meet contingency requirements in support of Joint Force Readiness TEAD employs 479 dedicated and skilled personnel. TEAD occupies 44,000 acres with 3,158 buildings/igloo, and has a storage capacity of 2.8 million square feet.

TEAD's Demilitarization, Manufacturing and Maintenance Division designs and manufactures Ammunition Peculiar Equipment (APE) used in the maintenance and demilitarization of munitions. The depot serves as one of the Southwest Federal Emergency Management Agencies, which stage locations for trainings for potential disaster response scenarios. TEAD's expansive commercial distribution network is the gateway to the east providing rapid movement by air, rail, ground, or sea.

TEAD is a proven partner of industry that takes its commitment to the Joint Warfighter and their customer seriously.

CAPABILITIES

DISTRIBUTION

- Facility Outload
- 2 Container Storage Pads, 4 Shipping/Receiving Pads
- 2 Rail Classification Yards
- 5 Locomotives, 43 Miles of Rail, 219 Miles of Road

STORAGE / SURVEILLANCE

- 2.8 Million Square Feet of Storage Space
- 1,141 Explosive Storage Structures
- Ammunition Surveillance/Explosives Safety

DEMILITARIZATION

- Open Detonation
- Open Burning
- 6 Static Firing Ability
- Closed Incineration (Rotary Kiln)
- Alternative Technology for OD/OB Demilitarization Options

PRODUCTION / MAINTENANCE

- Ammunition Peculiar Equipment (APE) Manufacturing, Maintenance and Site Support
- Loitering and Unmanned Munitions Maintenance
- Missile Maintenance
- Bomb Renovation and Testing
- Conventional Ammunition Maintenance
- Container Repair
- Production Level Machine Shops
- Testing (Explosives, Non-destructive), Department of Transportation

THE TEAD ADVANTAGE

- Center of Industrial Technical Excellence for APE
- International Organization for Standardization (ISO) Certficiations:
  - ISO 9001 Quality
  - ISO 45001 Environmental
  - ISO 14001 Environmental
- Flexibility to Provide Rapid Response to Customer Needs
- Equal Distances from 3 Major West Coast Shipping Centers and Connected by Transcontinental Rail, Highway, and Air Routes
- Dry, Low Humidity Climate and Location are Ideally Suited for the Storage of Supplies
- 100% Potable Water Independent
- 24/7 Secure Controlled Access
