U.S. ARMY

CRANE ARMY AMMUNITION ACTIVITY

Crane Army Ammunition Activity (CAAA), a Government-Owned, Government-Operated, Department of Defense (DOD) facility located on Naval Support Activity Crane in Crane, Indiana.

CAAA receives, stores, ships, produces, renovates, and demilitarizes conventional ammunitions, missiles and related components to meet contingency requirements in support of Joint Force readiness.

CAAA occupies 51,000 acres, the facilities include more than 30 production buildings, a 27,000 square feet machine shop, has more than 6 million square feet of storage space to include 1,800 buildings for explosives and inert ammunition. CAAA's skilled workforce consists of more than 700 personnel.

Centrally located near numerous transportation arteries, CAAA's skilled team is capable of transporting ammunitions via air, rail, ground, or sea. CAAA is a proven industry partner that takes its commitment to the Joint Warfighter and its customers seriously.
