

Pine Bluff Arsenal (PBA), is a Government-Owned, Government-Operated, Department of War (DoW) facility located in Pine Bluff, AR.

Established in 1941 to support WWII efforts, PBA provides America's Joint Warfighter with specialized ammunition, smoke, chemical, biological, radiological, & nuclear defense capabilities through expert manufacturing, storage and logistics. PBA endeavors to be a premier and trusted source of supply within the Organic Industrial Base by providing exceptional support to their customers. PBA is strategically located about an hour south of Little Rock Air Force Base, and two hours from the FedEx head-quarters in Memphis, TN.

PBA is housed on approximately 13,500 acres of land. The facilities include 522 buildings, 245 igloos and has a storage capacity of 1.2 million square feet. PBA has exclusive jurisdiction, restricted access, more than 5,000 acres of developed land, robust environmental permitting, a dedicated fire department and an internal water treatment facility.

PBA is a proven partner of industry which take its commitment of the Joint Warfighter and their customers seriously. You are invited to learn more about PBA and their team of experts.

The Business Development Office offers land for industrial, commercial, and office development, as well as buildings and infrastructure that may be tailored to suit your needs. These assets are available immediately for short and long term occupancy at U.S. Army Sustainment Command locations across the United States.

CAPABILITIES

DISTRIBUTION

- Facility Outload
- 4 Shipping/Receiving Pads, 5 Rail Loading Docks

STORAGE / SURVEILLANCE

- 1.25 Million Square Feet of Storage
- 245 Igloos
- 132 Above Ground Magazines
- 2 Holding Yards, 8 Loading Docks, Rail Holding Yard

BUSINESS SECTORS

AMMUNITION PRODUCTION

- Specializes in Pyrotechnical Mixing & Pressing
- Load, Assemble and Pack (LAP) and Phosphorous Operations (Filling, Mixing, Blending, Sifting and Pressing)

CHEMICAL AND BIOLOGICAL DEFENSE PRODUCTION

- Specializing in Multi-part Systems Integration & Fielding
- Decontamination Manufacturing
- Collective Protection Filter Production
- Hardened Military Equipment Maintenance & Care of Supplies in Storage (COSIS)

TEXTILE MANUFACTURING

- Low Density, Complex Textile & Garment Production Capability

PERFORMANCE VERIFICATION AND TESTING

- Government Approved Surety Laboratory Capable of Performing Live Agent First Article, Production Lot & Shelf Life Extension Testing

THE PBA ADVANTAGE

- International Organization for Standardization (ISO) Certifications:
 - ISO 9001 Quality
 - ISO 14001 Environmental
 - ISO 45001 Occupational Health & Safety
- Center of Industrial and Technical Excellence (CITE) for:
 - Chemical & Biological Defense Equipment
 - Textile Manufacturing
 - Smoke Ammunition
- Strategic Public Private Partnerships (P3)
