

## VISION

Meet the critical mission needs of the APG Community by fostering a resource-sharing, collaborative environment wherein APG tenants can reach out to the local Army workforce for support.

## GOALS

- Develop a web-based tool that allows APG agencies to leverage local Government agency resources and expertise
- Solicit APG Tenant interest, promote benefits of intra-government information/resource sharing
- *Phased approach for reaching out to stakeholders; input and agencies added in "waves"*
- Release an operational capability within 1QFY13
- Where did our Idea Come From?

## BETTER BUYING POWER

- Sequestration
- Contract Reform
- Reduction in Force
- Overall Need to do More With Less
- War Drawdown

## MEETING NEW CHALLENGES WITH A SOLUTION

- Web-based tool that maximizes use of resident APG knowledge base
- Accomplish critical mission objectives
- Agencies solicit and offer support (skills, resources, and available assets)
- Advertisises requirements for resources/ SMEs and capabilities of APG talent pool
- Exposes agencies to the work, expertise of other APG tenants
- Retains knowledge base, fosters more unified APG community
- Focused on sharing APG resource/assets; opportunities to expand Army-wide exist
- Provide a resource for operating in a fiscally “lean” environment; increased cost savings and flexibility
