Finding Dory (2016) Rated PG, 105 minutes

"Finding Dory" reunites the friendly-but-forgetful blue tang fish with her loved ones, and everyone learns a few things about the true meaning of family along the way. The all-new big-screen adventure dives into theaters taking moviegoers back to the extraordinary underwater world from the original film.

Storks (2016) Rated PG, 100 minutes.

Storks deliver babies...or at least they used to. Now they deliver packages for global internet giant Cornerstore.com. Junior, the company's top delivery stork, is about to be promoted when he accidentally activates the Baby Making Machine, producing an adorable and wholly unauthorized baby girl. Desperate to deliver this bundle of trouble before the boss gets wise, Junior and his friend Tulip, the only human on Stork Mountain, race to make their first-ever baby drop-in a wild and revealing journey that could make more than one family whole and restore the storks's true mission in the world.

The Secret Lives of Pets (2016) Rated G, 90 minutes.

The Secret Life of Pets, a comedy about the lives our pets lead after we leave for work or school each day.

The Accountant (2016) Rated R, 128 minutes.

Christian Wolff is a math savant with more affinity for numbers than people. Behind the cover of a small-town CPA office, he works as a freelance accountant for some of the world's most dangerous criminal organizations. With the Treasury Department's Crime Enforcement Division, run by Ray King, starting to close in, Christian takes on a legitimate client: a state-of-the-art robotics company where an accounting clerk has discovered a discrepancy involving millions of dollars. But as Christian uncooks the books and gets closer to the truth, it is the body count that starts to rise.

Birth of a Nation (2016) Rated R, 120 minutes.

Set against the antebellum South, "The Birth of a Nation" follows Nat Turner, a literate slave and preacher, whose financially strained owner, Samuel Turner, accepts an offer to use Nat's preaching to subdue unruly slaves. As he witnesses countless atrocities - against himself and his fellow slaves - Nat orchestrates an uprising in the hopes of leading his people to freedom.

Snowden (2016) Rated R, 134 minutes.

"Snowden," the politically-charged, pulse-pounding thriller, reveals the incredible untold personal story of Edward Snowden, the polarizing figure who exposed shocking illegal surveillance activities by the NSA and became one of the most wanted men in the world. He is considered a hero by some, and a traitor by others. No matter which you believe, the epic story of why he did it, who he left behind, and how he pulled it off makes for one of the most compelling films of the year.

Movie ratings G = general audiences, all ages admitted; PG = parental guidance suggested, some material may not be suitable for children; PG-13 = Parents strongly cautioned, some material may be inappropriate for children under 13.; R = restricted, under 17 requires accompanying parent or adult guardian. -
