EXSUM

April is a busy time of the year for the garrison. The Area II community has several events scheduled throughout the month we hope you will join. With warmer temperatures come outdoor activities like grilling and outdoor sports. Safety ensures readiness, the Army's top priority, and we ask everyone to remain vigilant of your surroundings and make responsible decisions in all you do.

Our host nation has witnessed some political turmoil these past few months, and local and national elections are scheduled this year. Please see the enclosed advisory about Rodriguez Range, and remember to avoid large crowds and demonstrations (page 5).

DOD Civilians and military personnel E7 and above – unaccompanied and accompanied – are invited to attend the first Individual Relocation Brief (IRB), designed to provide information and clearing assistance to those moving to USAG Humphreys (page 6).

The Interactive Customer Evaluation (ICE) program is another way we provide information to the community. Please see the updated memorandum on the ICE policy (pages 7-8).

In this issue of the Garrison Enforcer, we have lighted some of the behavioral issues among our community's youth (page 9). As you can see, we take misconduct very seriously, and the result could include early return of dependents. Please help us enforce proper supervision of our youth – both online and offline – and keep our children safe.

April is Sexual Assault and Awareness Prevention Month and we have a full calendar of events to raise community awareness of this important issue (page 10). Events like Denim Day (page 11), Sharpomania (page 12), and Brigade Dance Battle (page 13) are intended to do just this.

April is also the Month of the Military Child. Please see the attached calendar of events for Child Abuse Prevention Month (page 14) such as the Baby Expo (page 15). The Yongsan Library is also celebrating our children by announcing winners of the poetry contest April 11 (page 16).

An assignment in Korea presents wonderful opportunities to our service members, families and civilians such as cultural experiences, new friendships and personal and professional development. KATUSA - U.S. Friendship Week (KUSFW) is a unique Korean experience. Enclosed you will find a schedule of events for KUSFW – a week-long celebration (page 17) of our alliance with the Republic of Korea. Please come out and participate in this great event.

If you have your own Korean experience to share, AUSA would like to hear about it as part of the 23rd Annual AUSA Essay contest (page 18). AUSA is giving out cash awards for first-third place winners in this contest.

Please refer to page 3 for a listing of family and single Soldier activities MWR has scheduled in April. In particular, there is a change to Easter service times (page 19). The Cornerstone Service will take place at 4:30 p.m., followed by a fellowship dinner.

Williams Avenue will close from midnight, April 20, until 3 p.m., April 24, in support of KUSFW and Spring Fest. Whether you are at Yongsan or K-16, Spring Fest 2017 is guaranteed to provide fun for the entire family, so please come and enjoy the festival with us (pages 20-21). We look forward to seeing you there.

Rodriguez Live Fire Range Protests & City Election

8A G2X informs U.S. Service Members, Families, and Civilians that historic and on-going protests at the Rodriguez Live Fire Range Complex in Pocheon are intensifying due to political support from mayoral candidates contending for the 12 April 2017 Pocheon City Mayoral Election.

The current political environment and run-up to the 9 May elections, protests and demonstrations have the potential to escalate or turn violent. The recent impeachment and arrest of Park Geun-hye and anti-THAAD protests are occurring in/around Seongju and Camp Carroll.

Avoid protests and always exercise caution if in the vicinity of any large gatherings, political rallies and campaigns, or demonstrations. Make no statements about the Korean election and refer any questions to the USFK Public Affairs Office (PAO) at 050-333-4688.

Report suspicious incidents or persons to local Law Enforcement or a Counterintelligence Special Agent.

What can you do?

*If you see anyone or anything suspicious or experience incidents where you feel you were surveilled or threatened, **report the incident** to your local Counterintelligence Special Agent (CI-SA), 501st MI Bde, Threat Awareness and Reporting Program (TARP) Hotline, or your security officer.*

MEMORANDUM FOR U.S. Army Installation Management Command Personnel

SUBJECT: Policy Memorandum 5-1-1, Interactive Customer Evaluation (ICE) Policy

1. References:

- a. The White House, Executive Order 13571, Streamlining Service Delivery and Improving Customer Service, 27 April 2011.
- b. Presidential Documents, Executive Order 13571, Streamlining Service Delivery and Improving Customer Service, 27 April 2011.
- c. Office of Management and Budget, Implementing Executive Order 13571 on Streamlining Service Delivery and Improving Customer Service, 13 June 2011.
- d. Department of Defense, Washington Headquarters Services, Interactive Customer Evaluation (ICE) System Policy, 31 July 2009.

2. Purpose. To provide guidance to all Installation Management Command (IMCOM) leaders, supervisors, managers and employees on responsibilities regarding the implementation and maintenance of ICE.

3. Applicability. This policy applies to all personnel assigned to or under the operational control of IMCOM. This policy supersedes policy memorandum 5-1-1, Interactive Customer Evaluation (ICE) Policy, dated 29 Sep 2015. This policy memorandum will be reviewed and updated at 18 months from publishing date, or when there is a change of command; whichever comes first.

4. Policy. The Department of Defense, Department of the Army, Office of Management and Budget and IMCOM policy is to maintain a high customer satisfaction rate for services rendered to customers. IMCOM will monitor customer satisfaction and customer requested follow-up rates in ICE.

5. Procedures

a. The ICE system is a web-based application for receiving and reporting customer feedback. ICE identifies customer satisfaction levels for services provided by IMCOM and allows customers to submit suggestions for improvement, provide general comments and identify issues with service performance. The system assists leaders,

IMPL

supervisors and employees in identifying and addressing customer concerns and allows service providers to work with customers to provide the best service possible.

b. ICE is instrumental to IMCOM's goal to provide excellent customer service, supports continuous process improvement, provides voice of the customer data, and supports leader decision-making.

c. The IMCOM standard for customer satisfaction is 90 percent.

d. The IMCOM standard for customer requested follow-up is 100 percent. IMCOM professionals will respond to ICE comments where a customer requests a response and provides contact information within three duty days. The appropriate service provider manager will annotate all other comment cards in ICE within five duty days.

e. Headquarters, IMCOM Directorates, Army Environmental Command (AEC) and all IMCOM garrisons will establish and maintain ICE sites. The IMCOM Directors or the Deputy Commanding General is the approval authority for exceptions to this policy. Headquarters and AEC will establish and maintain sites for each general staff, directorate and special staff element that have a counterpart at garrison level providing front-door services. The intent of establishing sites for each headquarters and AEC staff element affords visibility of customer satisfaction levels down to garrison level and provides the capability of viewing customer comments. This business rule will enable the staff to identify systemic issues and develop enterprise solutions, assist garrisons with unique issues while providing awareness of customer satisfaction levels. It also allows customers to submit comments to a higher headquarters if their issues are not adequately addressed at the local level. Additionally, a Standard Operating Procedure which includes ICE is available to supplement this policy and is located on the G3/5/7 SharePoint portal.

6. Proponent. Headquarters IMCOM, G3/5/7 Futures and Assessments, is the proponent for this policy.

CRIMES & CONSEQUENCES "DON'T LET THIS BE YOU!"

Garrison Enforcer!

In the past few months USAG Yongsan has had several instances of dependent misconduct to include shoplifting, assault, trespassing, underage drinking, and posting threats online. These actions resulted in a variety of corrective measures to include, community service, Early Return of Dependents (ERD), and the loss of access to all US installations in Korea. All matters of misconduct are taken seriously and will result in corrective action being taken to ensure the safety, integrity and reputation of USAG Yongsan and the United States Army.

Please don't forget if you "see something, say something" our community's security is EVERYONE'S responsibility.

DENIM DAY

APRIL 26, 2107

Wear jeans to protest against sexual violence!

WHY DENIM?

Denim Day was originally triggered by a ruling by the Italian Supreme Court where a rape conviction in 1998 was overturned because the justices felt that since the victim was wearing tight jeans she must have helped her rapist remove her jeans, thereby implying consent. The following day, the women in the Italian Parliament came to work wearing jeans in solidarity with the victim. Denim Day was developed in response to this case and wearing jeans during this annual event has become a symbol of protest against erroneous and destructive attitudes about sexual assault. Women of the Italian Legislature protested the decision by wearing jeans to work. As news of the decision spread, so did the protest. In April 1999, a social service agency in Los Angeles established the first Denim Day in the United States.
