

FOR WIDEST DISSEMINATION

Eighth Army G2X COUNTERINTELLIGENCE ADVISORY as of 23 February 2017

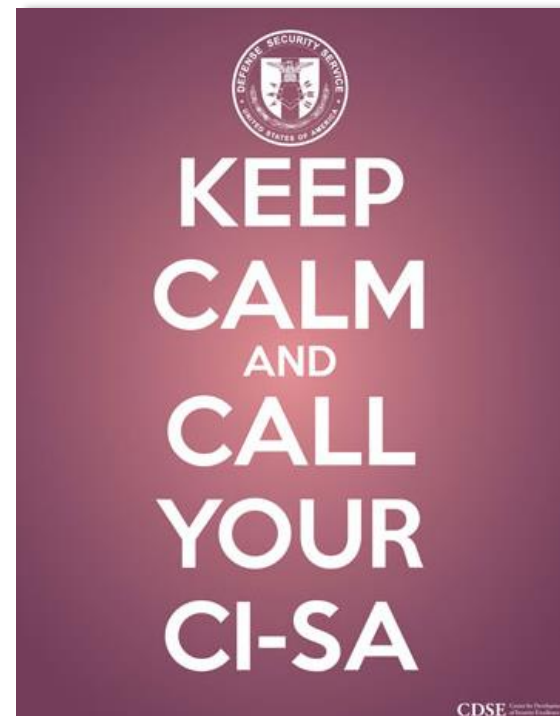

Possible Suspicious Activities

In mid-January 2017, a U.S. Service Member (SM) reported an incident, in which an unidentified Middle Eastern male approached the SM and threatened violence to the U.S. and South Korea. In February 2017, another U.S. Service Member reported an incident after two unknown Middle Eastern males approached the SM and asked what procedures were required to access USAG-Yongsan. At this time there is no assessed threat to the USFK community, but it remains imperative that Service Members, Civilians, and Families remain **vigilant** and **report suspicious activity**, or when they feel uncomfortable by foreign parties or unusual circumstances.

Additionally, there have been reported incidents, in which unauthorized non-U.S. persons attempted to gain access to U.S. installations, loitered in vicinity of U.S. installations, and/or were observed surveilling and photographing U.S. installation entry points. If observed, **report** all such incidents.

What can you do?

*If you see anyone or anything suspicious or experience incidents where you feel you were surveilled or threatened, **report the incident** to your local Counterintelligence Special Agent (CI-SA), or the Threat Awareness and Reporting Program (TARP) Hotline.*
