

# Security Division

# Physical Security & Access Control

## MISSION

The mission of the USAG Daegu Physical Security Section is to protect the lives, property and environment of the Soldiers, Civilians and Family Members of Area IV. This mission is accomplished through a comprehensive Physical Security Plan, which works in conjunction with the Installation Anti-Terrorism Plan. Physical Security oversees Contract Security Guards that control access to the active gates, Enhanced Security Pedestrian Gates (ESPG), and can respond to additional gates. Additionally, Physical Security oversees 3 Pass and Registration Offices, 3 Vehicle Registration Offices and 2 Ration Control Offices, that provide services to customers that need access to the installation for a wide variety of purposes.
