

FOR WIDEST DISSEMINATION

## Eighth Army G2X COUNTERINTELLIGENCE ADVISORY as of 18 May 2017

# Elicitation Attempts

Since January 2017, multiple reports have indicated U.S. Service Members, Civilians, and Family members have been questioned about the Terminal High Altitude Air Defense System (THAAD) and impending stand-up of the 524th MI Battalion. These attempts to gather information have occurred on and off U.S. installations, in bars, shopping venues, and transportation hubs. Some of these attempts have become aggressive and ended with the expression of anti-U.S./anti-Republic of Korea sentiment.

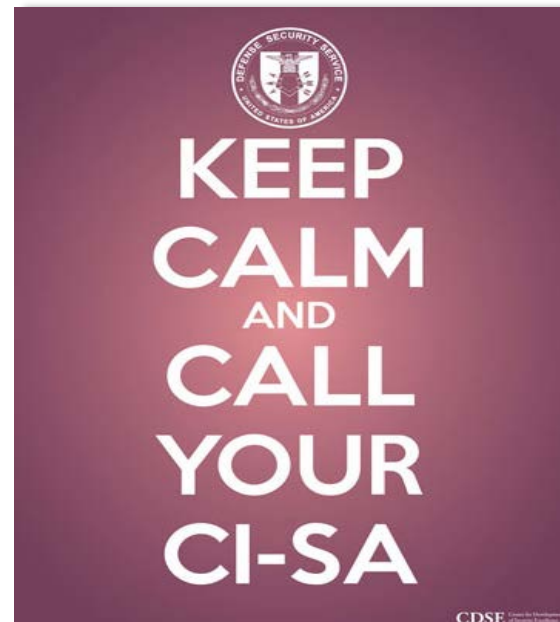

**If you find yourself in a situation similar to those described above, remain calm and do not make any statements. Disengage from the situation and leave the area.**

At this time there is no assessed threat to the 8A/USFK community, but it remains imperative that Service Members, Civilians, and Family members remain **vigilant and report suspicious activity**, including if they are made to feel uncomfortable by foreign parties or unusual circumstances.

### *What can you do?*
