MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Command Policy #108, Suspension of Driving Privileges

1. References:

- a. AR 190-5, Motor Vehicle Safety Traffic Supervision, 22 May 2006.
- b. USFK Regulation 190-1, Military Police Motor Vehicle Traffic Supervision, 10 May 2012.

2. The proponent for this policy is the Directorate of Emergency Services (DES).

3. This policy is effective immediately. It remains in effect until rescinded or superseded.

4. Applicability: This policy applies to personnel authorized to operate motor vehicles on USAG-Humphreys and Area III.

5. Purpose: This policy sets responsibilities and procedures for suspension of driving privileges on USAG-Humphreys.

6. General: This policy is punitive in nature and violation(s) of the provisions herein may subject military personnel to disciplinary and/or administrative actions. Family members, civilians, contractors, and visitors who do not comply with this policy may be subject to administrative actions or sanctions. The Garrison Commander of USAG-Humphreys holds driving privilege suspension and revocation authority. This authority, however, may be further delegated down the Deputy Garrison Commander IAW USFK 190-1.

7. Suspensions: Driving privileges may be suspended whenever an individual consistently violates installation traffic regulations, as determined by the revocation authority. Suspensions will apply to individuals when other measures such as counseling, remedial driver training, and rehabilitation programs fail to improve driver performance. Suspension may also be used as a temporary measure pending resolution of a revocation hearing. Suspensions, other than as a temporary measure pending the resolution of a revocation hearing, will not exceed a period of 180 days.

SUBJECT: Command Policy #108, Suspension of Driving Privileges

Suspensions will terminate at the end of the specified period and the driving privileges will automatically be reinstated. Suspensions will be discretionary or mandatory and for periods specified in subparagraphs 7a and 7b below. The period of suspension will begin on the date the U.S. Forces certificate of license is confiscated. Suspending authorities may suspend an individual's U.S. Forces certificate of license for a period of up to, but no longer than, 180 days when appropriate. Offenses involving alcohol or controlled substances will require the license holder to attend and successfully complete an ASAP or ADAPT Program and remedial driver training.

a. **Discretionary Suspension.** Discretionary suspensions may be assessed for periods not to exceed 180 days. The suspending authority may suspend a licensee's driving privilege for the following:

(1) Evaluate a licensee's physical or mental disability after a physician has submitted a statement that the person is incapable of safely operating a POV. A U.S. Forces certificate of license will be returned only when a physician provides a statement that the person has recovered.

(2) Assess a licensee's driving skill. When the suspending authority determines that the person lacks the necessary driving skill or knowledge, the authority may suspend a U.S. Forces certificate of license until the licensee has retaken and passed tests required by this publication. If a person fails to pass the tests for a Government driver's license (OF 346), his or her U.S. Forces certificate of license may be suspended. (This suspension only applies to military personnel.)

(3) Investigate incidents involving the licensee. The driving privileges of involved persons may be suspended until the investigation is completed and final action is taken. In alcohol-related incidents, the commander or supervisor must immediately suspend the licensee's U.S. Forces certificate of license pending resolution.

(4) Review the licensee's failure to remove or cover indecent or obscene matter on a POV or to move the POV displaying indecent or obscene matter from the installation after being asked to do so.

(5) Owning or operating an unregistered or uninsured POV.

(6) Displaying a lack of good judgment about safe and prudent operation of a POV.

(7) Misconduct that indicates the licensee's poor qualifications as a driver. Examples are:
